Your comment: I want to make a suggestion to the Fed. I hope that the British pound can replace the U.S. dollar. Because the U.S. dollar is unstable in the price of gold, but the pound exchanges for gold are very stable. So I want to make a proposal to the Fed that the pound can replace the U.S. dollar because the pound exchange rate will not fall a lot if it falls. The pound can be the reserve currency of the world. The pound can be the reserve currency of the world. So I hope that the pound can replace the U.S. dollar. If the pound becomes the world currency, the U.S. economy will be stable. So I hope that the pound can be linked to gold. The pound must replace the U.S. dollar. The United Kingdom is supporting the economy, so the pound must replace the U.S. dollar. I hope to accept my suggestion. The pound will replace the U.S. dollar. So I hope that the pound will become the currency of the world.
