MQCC Answer to Request for Comment: An MQCC™ GOVERNOR2GOVERNOR™ Education Initiative MEMO

QUESTION 1. Do the proposed account access guidelines address all the risks that would be relevant to the Federal Reserve's policy goals?

ANSWER

- YES

QUESTION 2. Does the level of specificity in each principle provide sufficient clarity and transparency about how the Reserve Banks will evaluate requests?

ANSWER

- YES

QUESTION 3. Do the proposed account access guidelines support responsible financial innovation?

ANSWER

- YES

REQUEST FOR COMMENT:

Finally, the Board also seeks comment on whether the Board or the Reserve Banks should consider other steps or actions to facilitate the review of requests for accounts and services in a consistent and equitable manner.

MQCC™ COMMENT & INVITATION:

- If the Board of Governors of the Federal Reserve System of the United States seeks to maintain a domestic (national) system with non-domestic (international) integration; a system whose nature, quality, character or characteristics is recognized and trusted worldwide to be, essentially, "safe, reliable and good" and operates in a manner that is recognized by peer organizations, stakeholders, beneficiaries and mainstreet consumers across the United States and worldwide, to be "better, safer and more efficient", then the Board of Governors is welcome and **invited to register under the MQCC™ GOVERNOR2GOVERNOR Peer-to-Peer Learning, Education and Training (P2PLET™) program** and visit Calgary, Alberta, Canada and meet yours sincerely, A. K. (Anoop) Bungay (on a peer-to-peer basis); the person incontestably recognized world-wide, to have first observed the non-novel (exact) conformity science subordinate concept system coined as the Bungay Unification of Quantum Processes Algorithm also represented, generically, as "BlockChain" and commercially represented by the trademark source identifier: "Principles of 'BlockChain'™"; first observed, discovered and commercialized between at least as early as August 14, 2001 and at least as early as April 9, 2005 by yours sincerely, (Mr. A. K. (Anoop) Bungay), for creation of a globally accessible, "PEER TO PEER ELECTRONIC FINANCE SYSTEM" (www.privatelender.org); with integration to a subordinate system, namely a quality management infrastructure system registered to ISO 9001:2000 at least as early as May 9, 2008 and subsequent infrastructure upgrades to ISO 9001:2008 and the current, risk-based ISO 9001:2015.
- Do individual members of the Board of Governors know the following incontestable facts:
 - >*> The generic, subordinate concept system, namely, "BlockChain" that underpins non-novel (exact) conformity science (www.conformity.org)-based financial and banking consumer, industry and infrastructure

safety innovation was first discovered and commercialized between at least as early as August 13, 2001 and April 9, 2005?

- >*> The world's first application of both **fungible tokens** and **non-fungible tokens** (FTNFT™) were at least as early as April 9, 2005 for trading in a central bank-system-conforming, non-central bank system-integrated, peer-to-peer electronic financial system of goods and services; still operating and found today (in 2021) at the uniform resource locator (URL) www.privatelender.org; created by yours sincerely A. K. (Anoop) Bungay with development help from my elder brother, Santosh (Creator of BLOCKCHAIN Server-01™; circa 2001-2005).
- >*> The world's first application of the Bungay International Technology (BIT™) **utility token**, to assure utmost levels of consensus-standards-based conformity of a Corporation, Organization or Individual (COIN™) within a peer-to-peer electronic finance system was for a quality management function for the trading of peer-to-peer financial products (goods/wares) and services (methods) in a central bank-system-conforming, non-central bank system-integrated, peer-to-peer electronic financial system, still operating and found today (in 2021) at the uniform resource locator (URL) www.privatelender.org; created by yours sincerely A. K. (Anoop) Bungay, commenced at least as early as April 9, 2005 and was integrated to the United States Federal Standard, namely, Quality Management System ISO 9001:2000, published the American National Standards Institute (ANSI) pursuant to a long-standing relationship with the United States Government under a Memorandum of Understanding with the United States Department of Commerce Agency, the National Institute of Standards and Technology (NIST); (THE WORLD'S ORIGINAL UTILITY TOKEN™ system-network entry point is found at the www.bitcoin.eco™ URL). Please note: Correct and Proper BITCOIN is non-volatile; does not fluctuate in price; is designed to encapsulate value and is not consistent with the pirated or counterfeit or non-conforming "bitcoin" which is created by an unknown person or persons by the name: "satoshi nakamoto". Remember, "BlockChain" is a traceable system of quality management, verifiability, fact immutability, data non-repudiation, proof-of-work, proof-of-quality, proof-of-representation, proof-of-assurance, proof-of-warranty, transparency and trust; and you can traceback the origins of commercialized "BlockChain" and correct and proper Original Authentic BITCOIN™ to the seminal work of yours sincerely, A. K. (Anoop) Bungay with help from Santosh Bungay. Remember the trademark refrain: "IF IT IS NOT TRACEABLE TO THE PEER ORIGINATOR, IT IS NOT A PEER-TO-PEER BLOCKCHAIN™"
- >*> The world's first application of a the Bungay International Technology (BIT™) **securities token** for the regulatory-integrated trading of MQCC Non-Bank, Non-Institutional, Non-Syndicated, Non-Regulated or Regulatory Exempt, Free Trading Finance; also known as Peer-to-Peer (P2P)/Private/Crypto/Secret/Shadow™ central bank-system-conforming, non-central bank system-integrated, peer-to-peer electronic financial system of goods and services, for what is defined as an asset-secured financial instrument or generically identified as a mortgage, and marketed in the United States and globally, to assure the highest level of consumer safety, under the distinctive source identifier registered and common law trademark brand name, BITMORTGAGE™/® (THE WORLD'S ORIGINAL SECURITIES TOKEN™ system-network entry point is found at the www.bitmortgage.com™/® URL).
- As the world's leading expert on matters related to correct and proper, risk-based "BlockChain"-based Standards, Systems, Technology, Services (methods) and Products (wares/goods), the Board of Governors of the Federal Reserve System of the United States will gain first-hand knowledge from a source beyond reproach.
