Your comment: Major reform is needed. The CFPB told me on 07/15/2022 it doesn't investigate or take legal action on behalf individual consumers. When I pointed out the 2017 CFPB didn't protect consumer United States, the agency went silent. CFPB's own records prove what I'm saying is truthful. I'm not a lawyer so I couldn't stop what I saw going on. All I could do was document everything, then hand it over. Which is exactly what I have done. I know the penalty for committing crimes against the United States. There's no way I want to incur that. The 2022 White House has my full contact information.
