Postal (if outside the U.S.):

Your comment: why are you expecting large banks to fail, unless your own rules were insufficient to insure they don't? If you didn't want to socialize the financial sector, why didn't you police it properly? How long does the public need to foot the bill for incompetent banking entities that the federal reserve helped create? All of the sins of the world will be exposed. Which side will you find yourself on? May god have mercy on your soul.
