Attention Federal Reserve,

Please continue to allow check writing as a way for people to transfer money from their checking account to pay a bill or donate money to a person or organization. People should have a choice that works best for their financial situation. I use checks for church offering on Sunday, to donate to fundraisers at my school, to pay my car registration in a small town, and to give to charitable organizations. I DO NOT WANT TO PAY A CREDIT CARD PROCESSING FEE OR ONLINE PLATFORM FEE! That is taking more money away from me and my family's household income and my donation. In fact, I give less or not at all to online charity organizations that have platform fees or credit card fees.

Remember even digital money has issues, too. People get their accounts hacked all the time; even big business. Nothing is safe!

KEEP CHECKS AS A FORM OF PAYMENT ALIVE; it has a purpose!

Thank you!
