Submitted Date: 03/16/2026

Reputation risk should be unconsidered for banks under the Board as it is indirect government restriction on speech/expression, such as myself and many others I know of potentially having their monetary lifelines jeopardized for involving mere lewd drawings, etc.. Of course it only starts with pornography, and much more valuable things get swept up, so therefore pornography (already not harmful) and offensive materials should be the first protected. Thank you.
