INSTRUCTIONS FOR PREPARATION OF

Application to Become a Bank Holding Company and/or Acquire an Additional Bank or Bank Holding Company
FR Y-3

Who May Use This Form

This form should be used for applications filed with the Federal Reserve System (the “Federal Reserve”) under section 3 of the Bank Holding Company Act of 1956, as amended (the “BHC Act” — 12 U.S.C. 1842) including applications filed under:

- section 3(a)(1) of the BHC Act by any United States corporation, partnership, business trust, association, any other trust that does not terminate within twenty-five years (or within twenty-one years and ten months after the death of individuals living on the effective date of the trust), or similar organization that seeks to become a bank holding company with respect to one or more banks;
- section 3(a)(3) of the BHC Act by an existing bank holding company to acquire shares of a bank or bank holding company, if after such acquisition the applicant bank holding company would own 5 percent or more of the outstanding shares of any class of voting securities of the bank or bank holding company; and
- section 3(a)(5) of the BHC Act for the merger or consolidation of bank holding companies.

This form also should be used by a bank holding company or other company (as defined in section (2)(b) of the BHC Act — 12 U.S.C. 1841(b)) that seeks to acquire 25 percent or more of the total equity of a bank or bank holding company, or seeks to take other actions that would result in control of a bank or bank holding company. This form should be used only for those filings that qualify for the procedures in section 225.15 of the Board of Governors of the Federal Reserve System’s (the “Board’s”) Regulation Y.

Form FR Y-3N should be used for notifications filed under:

- section 3(a)(5)(C) of the BHC Act that qualify for the procedures in section 225.17 of Regulation Y, and
- sections 3(a)(3) and 3(a)(5) of the BHC Act that qualify for the procedures in section 225.14 of Regulation Y.

In some cases, a bank holding company acquisition may result in a person or group of persons acquiring control of the bank holding company for purposes of the Change in Bank Control Act (“CIBC Act”). In such cases, the qualifications for a regulatory exemption from the notice requirements of the CIBC Act may be fulfilled by providing, as part of the application under section 225.15 of Regulation Y, information required under paragraph (6)(A) of the CIBC Act (12 U.S.C. § 1817(j)(6)(A)) as well as any financial or other information required by the Reserve Bank under section 225.43 of Regulation Y. A person or group of persons that chooses not to provide this information as part of the application under section 225.15 of Regulation Y must separately comply with the prior notice requirements of the CIBC Act.

Preparation of Application

An applicant should consult the Board’s Regulation Y (12 CFR Part 225), a copy of which is available on the Board’s website or from any Reserve Bank. Additional filing information is also available on the Board’s public website. An applicant may submit a pre-filing before filing a formal application.1

Inquiries regarding the preparation and filing of applications should be directed to the Reserve Bank of the Federal Reserve district in which the head office of the applicant or its sole or principal banking subsidiary

General Instructions

either will be or is currently located (i.e., where the senior executives of the consolidated banking organization are located and overall strategic direction is established) (the “appropriate Reserve Bank”). Applicants are encouraged to contact Federal Reserve staff as soon as possible for assistance in identifying the specific type of information that should be provided in the application (particularly information related to convenience and needs or competitive considerations, including management official interlocks subject to Regulation L (12 CFR Part 212)) and to determine whether an examination of the bank(s) to be acquired will be required in connection with the proposed transaction.

The application is to be filed by submitting the information requested in this form to the appropriate Reserve Bank. Applicants are strongly encouraged to submit their applications electronically through the Federal Reserve System’s web-based application E-Apps (www.federalreserve.gov/bankingreg/eapps.htm) or FedEZFile. Additional information on FedEZFile may be found on the Board’s public website. Alternative formats to this form, if used, must provide all requested information. In order to be considered properly filed in accordance with the requirements of the BHC Act, the application must be substantially complete and responsive to each item of information requested (including an indication that the answer is “not applicable” or “none” if such is the case).

The appropriate Reserve Bank will review the submitted application to determine if it is substantially complete. If the application is considered complete, an acknowledgement letter will be sent indicating the date that the application has been formally accepted for processing. If not considered complete, the application will be returned to the applicant. As necessary to complete the record, requests for additional information may be sent to the contact person named in the application. Under certain circumstances, name check and financial information related to individuals involved in a proposed transaction may be required. Such information for individuals should be submitted on the Interagency Biographical and Financial Report (FR 208; OMB No. 7100-0134), and may be submitted in advance of the application. Contact the appropriate Reserve Bank for further information.

If any information initially furnished in the application changes significantly during processing of the application, these changes should be communicated promptly to the appropriate Reserve Bank.

Financial Holding Companies

If the applicant seeks to become a financial holding company in connection with the proposed transaction, it must submit the necessary written declaration as part of the FR Y-3 filing. The declaration must conform to section 4(i) of the BHC Act and Regulation Y (sections 225.81 and 225.82, as appropriate). The applicant should contact the appropriate Reserve Bank and go to the Board’s public website for further information.

If the applicant is a financial holding company that is seeking to acquire a depository institution that is not well capitalized or well managed, the applicant must contact the appropriate Reserve Bank regarding the development and execution of an agreement under section 4(m) of the BHC Act acceptable to the Board. The agreement will outline the actions to be taken by the applicant to address the financial and/or managerial deficiencies of the depository institution, and any limitations on the activities of the applicant until those deficiencies are satisfactorily addressed.

Foreign Organizations

If the applicant is organized under the laws of a foreign country and is seeking to acquire a United States bank or bank holding company, the applicant must complete the form FR Y-3F (OMB No. 7100-0119, Application for a Foreign Organization to Acquire a U.S. Bank or Bank Holding Company) instead of this form.

Nonbanking Investments and Activities

Certain additional information is required if the applicant intends to acquire nonbanking operations, including a savings association or other nonbank insured depository institution, in connection with the proposed transaction. Any nonbanking investments or activities that are to be acquired under the authority of sections 4(c)(8) and 4(j) of the BHC Act require the prior approval of the Board and a companion FR Y-4 notification. (See section 225.28 of Regulation Y for a listing of permissible nonbanking activities approved
General Instructions

by regulation and section 225.24 of Regulation Y for the procedures to engage in those nonbanking activities. Any nonbanking operations that are to be acquired under other provisions within section 4 of the BHC Act and that do not require the prior approval of the Board should be identified separately with relevant authorities cited. (See sections 225.22, 225.86 and 225.170 of Regulation Y for activities and investments that generally do not require the prior approval of the Board. Engaging in nonbanking acquisitions pursuant to expedited action under section 225.23 of Regulation Y is not appropriate.)

Publication Requirement

For applications filed pursuant to section 3 of the BHC Act, the applicant should publish a notice in a newspaper of general circulation in the community(ies) in which the head offices of the applicant bank holding company, its largest subsidiary bank, and each bank to be directly or indirectly acquired is located. The newspaper notice should provide opportunity for the public to submit written comments on the proposal for at least 30 calendar days after the date of publication, and must be published no more than 15 calendar days before and no later than 7 calendar days after the date that the application is filed with the appropriate Reserve Bank. The Board will publish notice of the proposal in the Federal Register upon receipt of the application. On written request by the applicant, the notice in the Federal Register may be published up to no more than up to 15 calendar days before the application is filed.

The applicant should consult with the appropriate Reserve Bank or the Board’s public website for the specific publication format used at that Reserve Bank. A copy of the newspaper notice publication must be provided to the appropriate Reserve Bank, as required by Section 262.3(b) of the Board’s Rules of Procedure.

Confidentiality

Under the provisions of the Freedom of Information Act (“FOIA” – 5 U.S.C. 552), the application is a public document and available to the public upon request. Once submitted, an application becomes a record of the Board and may be requested by any member of the public. Board records generally must be disclosed unless they are determined to fall, in whole or in part, within the scope of one or more of the FOIA exemptions from disclosure. See 5 U.S.C. 552(b)(1)-(9).

The exempt categories include (but are not limited to) “trade secrets and commercial or financial information obtained from a person and privileged or confidential” (exemption 4), and information that, if disclosed, “would constitute a clearly unwarranted invasion of personal privacy” (exemption 6). The applicant may...
General Instructions

request confidential treatment for any information submitted in (or in connection with) its application that the applicant believes is exempt from disclosure under the FOIA. For example, if the applicant is of the opinion that disclosure of commercial or financial information would likely result in substantial harm to its competitive position or that of its subsidiaries, or that disclosure of information of a personal nature would result in a clearly unwarranted invasion of personal privacy, confidential treatment of such information may be requested.

The request for confidential treatment must be submitted in writing concurrently with the filing of the application (or subsequent related submissions), and must discuss in detail the justification for confidential treatment. Such justification must be provided for each portion of the application (or related submissions) for which confidential treatment is requested. The applicant’s reasons for requesting confidentiality must specifically describe the harm that would result from public release of the information. A statement simply indicating that the information would result in competitive harm or that it is personal in nature is not sufficient. (A claim that disclosure would violate the law or policy of a foreign country is not, in and of itself, sufficient to exempt information from disclosure. The applicant must demonstrate that disclosure would fall within the scope of one or more of the FOIA exemptions from disclosure.) The applicant must follow the steps outlined immediately below, and certify in the application (or related submissions) that these steps have been followed.

Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); (2) separately bound; and (3) labeled “CONFIDENTIAL.”

With respect to applications that include information regarding an individual or individuals associated with the proposed transaction, the Board expects the applicant to certify that it has obtained the consent of the individual(s) to public release of such information prior to its submission to the Board or, in the absence of such consent, to submit (or ensure that the individual(s) submit(s)) a timely request for confidential treatment of the information in accordance with these instructions. Information submitted directly by an individual or individuals will become part of the relevant application record, and, accordingly, will be a Board record subject to being requested by any member of the public under FOIA.

The Federal Reserve will determine whether information submitted as confidential will be so regarded, and will advise the applicant of any decision to make available to the public information labeled “CONFIDENTIAL.” However, it shall be understood that, without prior notice to the applicant, the Board may disclose or comment on any of the contents of the application in the Order or Statement issued by the Board in connection with its decision on the application. The Board’s staff normally will apprise the applicant in the course of the review process that such information may need to be disclosed in connection with the Board’s action on the application.

For further information on the procedures for requesting confidential treatment and the Board’s procedures for addressing such requests, consult the Board’s Rules Regarding Availability of Information, 12 CFR part 261, including 12 CFR 261.17, which governs requests for confidential treatment.

Newly-Chartered or Converting Bank

If a proposed new operating bank or a charter conversion is involved, the applicant should contact the appropriate Reserve Bank before the review process for the charter application of the new or converting bank (and the review process for any related deposit insurance application) begins to determine the appropriate time(s) when the related Federal Reserve application(s) should be filed, and to discuss the informational requirements for the specific proposal. Applicants are encouraged to remain in contact with the appropriate Reserve Bank during the review process of all the relevant applications.

Supporting Information

The Federal Reserve specifically reserves the right to require the filing of additional statements and information. The questions in the application are not intended to limit an applicant’s presentation. The applicant bears the full burden for presenting and documenting a case to demonstrate that it meets the statutory criteria for approval. Supporting information...
for any or all factors, setting forth the basis for the applicant’s judgment to this effect, may accompany the application.

Competition

If the subject transaction is a bank holding company
formation involving only one bank or an application
filed pursuant to section 3(a)(3) or 3(a)(5) of the BHC
Act to acquire a de novo bank, a response to items 15
and 16 is not required. Otherwise, the applicant should
contact the appropriate Reserve Bank to determine
whether a response to items 175 and 186 will be necessary. If a response is required, the applicant should obtain a preliminary definition of the relevant banking markets from the appropriate Reserve Bank. If the applicant disagrees with the Reserve Bank’s preliminary definition of the banking market(s), it may in addition to supplying the information requested on the basis of the Reserve Bank’s definition of the banking market(s), include its own definition of the banking market(s), with supportive data, and answer the questions based on its definition. If later analysis leads Federal Reserve staff to alter the preliminary definition provided, the applicant will be so informed.

15.17. Discuss the effects of the proposed transaction on competition considering the structural criteria specified in the Board’s Rules Regarding Delegation of Authority (section 265.20(c)(12)(i)(A)(11)(v)). The applicant may be required to provide additional information if Federal Reserve staff determines that the proposal exceeds existing competitive guidelines. Also, if divestiture of all or any portion of any bank or nonbanking company constitutes part of this proposal, discuss in detail the specifics and timing of such divestiture.

16.18. If the proposal involves the acquisition of nonbank operations under sections 4(c)(8) and 4(j) of the Bank Holding Company Act, a Form FR Y-4 should be submitted in connection with FR Y-3 filing. At a minimum, the information related to the nonbank operations should include the following:

a. A description of the proposed activity(ies);

d. A description of the effect of the proposal on competition in the relevant markets; and
e. A list of major competitors in each affected market.
In addition, the applicant should identify any other nonbank operations to be acquired, with brief descriptions of the activities provided.

17.19. In an application in which any principal of the applicant or the Bank/Bank Holding Company is also a principal of any other insured depositary institution or depository institution holding company, give the name and location of each office of such other institution that is located within the relevant banking market of the Bank/Bank Holding Company, and give the approximate road miles by the most accessible and traveled route between those offices and each of the offices of Bank/Bank Holding Company.

Convenience and Needs

18.20. Describe how the proposal would assist in meeting the convenience and needs of the community(ies) to be served, including but not limited to the following:

a. Summarize efforts undertaken or contemplated by the applicant to ascertain and address the needs of the community(ies) to be served, including community outreach activities, as a result of the proposal.

b. For the combining institutions, list any significant anticipated changes in services or products offered by the depository subsidiary(ies) of the applicant or target that would result from the consummation of the transaction.

c. To the extent that any products or services of the depository subsidiary(ies) of the applicant or target would be offered in replacement of those offered by the depository subsidiary(ies) of the combining institution, describe the excluded areas.

d. Describe any enhancements in products or services expected to result from the transaction.

19.21. Describe how the applicant and resultant institution, including its depository subsidiary(ies) would assist in meeting the existing and anticipated needs of its community(ies) under the applicable criteria of the Community Reinvestment Act (CRA) and its implementing regulations, including the needs of low- and moderate-income geographies and individuals. This discussion should include, but not necessarily be limited to, a description of the following:

a. The significant current and anticipated programs, products, and activities, including lending, investments, and services, as appropriate, of the depository subsidiary(ies) of the applicant and the resultant institution.

b. The anticipated CRA assessment areas of the depository subsidiary(ies) of the combined institution. If assessment areas of the depository subsidiary(ies) of the resultant institution would not include any portion of the current assessment area of that subsidiary, describe the excluded areas.

c. The plans for administering the CRA program for the depository subsidiary(ies) of the resultant institution following the transaction.

d. The plans for administering the CRA program for the depository subsidiary(ies) of the resultant institution following the transaction. For a subsidiary of the applicant or target that has received a CRA composite rating of “needs to improve” or “substantial noncompliance” institution-wide or, where applicable, in a state or multi-state Metropolitan Statistical Area (MSA), or has received an evaluation of less than satisfactory performance in an MSA or in the non-MSA portion of a state in which the applicant is expanding as a result of the transaction, describe the specific actions, if any, that have been taken to address the deficiencies in the institution’s CRA performance record since the rating.

20.22. List all offices of the depository subsidiary(ies) of the applicant or target that (a) will be established or retained as branches, including the main office, of the target’s depository subsidiary(ies), (b) are approved but unopened branch(es) of the target’s depository subsidiary(ies), including the date the current federal and
General Instructions

state agencies granted approval(s), and (c) are existing branches that will be closed or consolidated as a result of the proposal (to the extent the information is available) and indicate the effect on the branch customers served.
