## Instructions

1. The FR Y-14Q Regulatory Capital Transitions schedule is intended to be used for the monitoring of historical progress against the forecasts provided in the FR Y-14A version of the schedule. Please complete the FR Y-14Q schedule with actual data as of the most recent quarter end subsequent to the close of each quarter, on a fully phased-in basis. Do not use this schedule to update projections for future quarters.
2. Complete **non-shaded cells** only, using data as of the balance sheet date under baseline assumptions, consistent with the annual CCAR exercise.
3. For the purpose of completing this schedule, BHCs and IHCs should refer to the "FR Y-14Q Regulatory Capital Transitions Instructions."
4. In each worksheet there is a "Comments" column. Please provide explanation in this column for any significant deviations from the projections that were provided as part of the most recent CCAR submission, as well as from previous quarter if applicable. Also, please provide any other comments if necessary.
5. On the Planned Actions worksheet, please complete the fields for "Description," "Action Type," "Exposure Type" and "RWA Type" (columns B through E) with information on the planned actions your BHC included in its most recently submitted FR Y-14A Regulatory Capital Transitions schedule. In columns F through K, for each planned action please input the actual dollar amount impact on tier 1 common, tier 1 capital, risk-weighted assets, average total assets, leverage exposures, and the firm's balance sheet based on progress made on the action in the past quarter. In a separate attachment, please provide additional information to describe the progress made on each planned action during the reporting quarter.
