Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. However, I do have some questions that I will present as follows. 1. Why is ICP challenging CIT's request to acquire One West? 2. Why is CIT, allegedly, holding back their CRA from the public? 3. What has changed in the 'mind-settings' of the 'power-holders', who are obviously going to monetarily benefit from this merger? In other words, is their primary goal simply to 'make-more-cents' or to 'make-more-sense' out of their involvement in the banking industry? The general public has had the 'wool-pulled-over-their-eyes' on numerous occasion in relation to the banking industry and Wall Street. So, I suppose what I am asking is whether or not this merger stands to represent, still another, 'wool-pulling-event', wherein an elected few stand to benefit but the overall population suffers at large? If you could give me your word that this merger is simply not all about continuing to support an instituted reality that not only appears to support the inglorious notion of greed but further promotes the illusion of 'holding-the-keys' to REAL power, then I am all for this merger. I would fully embrace this welcomed change in the banking industry's 'mind-settings', and this is especially the case because standing behind one's word is truly all that matters to me anymore. I am rather astute to the fact that a public hearing may very well serve to delay the 'merged results', but if all of 'the-cards-are-on-the-table', what's the 'big push'? OneWest serves as a strong source of capital and banking services to the Southern California community. I would like it to remain that way and not in the sway of some rather questionable (if not, unexamined) practices. So, once again, simply give me your word that this merger will act to benefit the 'good-of-all-and-everything' and not simply "add-to-the-coffers" of those, who apparently have failed to fully comprehend the full extent of the responsibilities tied into their 'power-possessing-positions'. I am not here to work 'for' you, nor am I here to work 'against' you. I am here to work 'with' you for as long as you choose to work 'with' me.

Kind regards,
Sashya Ameer

Dear President Dudley and Comptroller Curry,

I am writing because I am concerned about the proposed bank merger of CIT Group and OneWest bank, which would create another Too Big To Fail bank.

I am urging you, as the regulators of these banks, to hold public hearings in Los Angeles so the public can hear more about the risks of allowing another Too Big To Fail bank to be created.

Please show us that Main Street is more important than Wall Street!

Dear Chair Yellen, President Dudley and Comptroller Curry,

On behalf of FAME Corporations and as its President and CEO, I am submitting this letter of support for the pending OneWest and CIT Merger.

FAME Corporations is a south L.A. based non-profit that, for more than 20 years, has delivered a wide array of programs and services designed to empower low-income communities throughout Greater Los Angeles. I believe that OneWest Bank has made a good-faith, dedicated commitment to reinvesting in communities in need. Further OneWest has made a concerted effort to reach out to organizations like ours to not only better understand how they can make an impact in these communities, but also how we might partner together in these efforts. The merger between OneWest and CIT will only strengthen resources in this area.

From a broader perspective, a merger such as this serves to strengthen our economy. The merger will serve to not only keep jobs in California but also create much needed job opportunities. Additionally, we believe this merger will create more capital to support small business development within our community.

I believe the management team and OneWest have demonstrated its commitment to serving the community at large as well as their clients.

As such, I wish to reiterate my commitment for the proposed merger and do not believe there is a need for a public hearing.

Kind regards,

Denise Hunter
President & CEO

Federal Reserve Bank of NY
Office of the Comptroller of the Currency

Dear President Dudley and Comptroller Curry,

LISTEN TO THE SIGNED **PETITIONS of over 10,000 people and over 300 organizations** who are demanding a Public Hearing about One West Bank of Pasadena, California. I am writing because I am concerned about the proposed bank merger of CIT Group and OneWest Bank, which would create another "Too Big To Fail" bank with \$70 Billion in assets and **an ongoing culture of "refusing to comply with the financial laws."**

I have a list of over 500 legal violations by One West Bank that your agencies have refused to address. One West Bank should HAVE ITS BANK CHARTER REVOKED FOR THE ONGOING DEFIANCE OF LAWS EVEN AFTER SIGNING CONSENT ORDERS IN HUNDREDS OF LAW SUITS AND AGREEMENTS WITH PROSECUTORS. I have THREE executive/manager whistleblowers who will tell you that One West Bank, under the direction of Steven Mnuchin [aka Goldman Sachs] INTENTIONALLY designed a criminal racketeering scheme to steal homes AND to steal duplicative reimbursements under the shady, **hidden Loss Share Payment Agreement designed by U.S. Congressman Schumer of NY.** *Billions of taxpayer funds have already been paid* to One West Bank under criminal circumstances, AND BILLIONS MORE will be paid in the future BECAUSE no one in your offices is enforcing the laws of the U.S.

There is no civilization of laws when the laws are NOT enforced.

ADDITIONALLY, the **FBI HAS "LOST" OVER 1000 COMPLAINTS** FROM 450 VICTIMS OF ONE WEST BANK...even though some of the complaints had FBI Confirmation Numbers!!! The FBI was paid hundreds of millions of dollars to address Mortgage Foreclosure Fraud by crooks like One West Bank...all fraud by the FBI too for not providing the "already paid for" service! [I am still waiting, since February 2014, for a 10 day guaranteed response by the FBI San Diego Office to my letter inquiring about the "lost homeowner complaints" about the criminal acts of One West Bank.]

THIS IS A GANG RAPE OF THE US TAXPAYER. We should prosecute William Dudley and Thomas Curry for enabling this racketeering....and demand reimbursement for all past pay and bonuses, collected by them and their colleagues in the Federal Government for NOT doing their jobs of law enforcement. Add U.S. Attorney General Eric Holder for direct violations of his oath AND REFUSING to enforce the U.S. laws against One West Bank and anyone related to Goldman Sachs. Why did he refuse to do his job? He and the Obama Administration were bought off...huge political contributions from Goldman Sachs principals/affiliates. A convicted criminal financial backer of One West Bank, George Soros, bragged that these were the best spent MILLIONS that he contributed to President Obama's campaigns. [who let a convicted criminal of financial crimes be associated with a U.S. Bank?] And now he is going on to control Hillary Clinton's presidential aspirations....he's given huge contributions and formed a committee to support her!!!

HENCE MILLIONS ARE ILLEGALLY HOMELESS AND THE LAWS ARE MEANINGLESS.

THIS IS NOT A DEMOCRACY...IT WAS TOTALLY DESTROYED BY YOU TWO AND OTHERS who are not enforcing the financial laws.

BILLIONS HAVE BEEN STOLEN, AND MORE ARE ON THE LINE IN THE FUTURE...TO BE PAID TO ONE WEST BANK ON PHONY MORTGAGE NUMBERS. One West Bank foreclosed on millions of US taxpayers without even having a legal right under the mortgages to do so!!!!

I am urging you, as the regulators of these banks, to hold public hearings in Los Angeles so the public can hear more about the risks of allowing another Too Big To Fail bank to be created.

Please show us that Main Street is more important than Wall Street!

Millions of proud Americans, for generations, have sacrificed even their lives so that we could have a Nation of Laws, fair to everyone. In one Administration, you two and others have totally annihilated/gutted our Democracy.

Show us that you will do your jobs now...**give The People the public hearing**. Stop the unprosecuted theft schemes of One West Bank, and the "shell game" recipient of CIT Group that bilked America out of hundreds of millions in TARP funds that were supposed to be repaid BUT INSTEAD WERE stealthily "discharged" through the bankruptcy system. How can a "bankrupt" CIT Group now suddenly be in a position to buy One West Bank for billions and billions? More of the "shell game." Study

the history of the Principals of those two banks...a shell game between friends.

In the last Century that was prosecuted for "racketeering" by "the Mob."

A senior citizen who will demand that you be fired if you do not conduct a Public Hearing,

RE: OPPOSITION TO THE ONEWEST BANK – CIT GROUP MERGER

FINANCIAL FREEDOM LOAN NUMBER: 30000036827

FHA CASE NUMBER: 042-7956327-952/255

The Shipley family is opposed to any plan that benefits OneWest Bank, N.A. and their investors at the great expense of taxpayers, citizens and the economy.

Our family is currently in litigation (*Estate of Clarence W. Shipley Jr. et al v. OneWest Bank, N.A. et al*, Solano County Superior Court – Case # FCS944329, October 9, 2014) with OneWest Bank where we, as plaintiffs and heirs, allege that OneWest Bank, Financial Freedom, Mortgage Electronic Registration Systems Inc., Clear Recon Inc. and their attorneys, Pite Duncan and other associates, engaged in the following:

- • Failure to notify heirs of the 95% Rule (that heirs can satisfy the principle at 95% of the current appraisal or 95% of the current principle – whichever is less) – HUD HECM Guidelines.
- • Failure to provide accounting when requested by letter for a debt validation, accounting and the original note under *Fields v. Wilber Law Firm, Donald L. Wilber & Kenneth Wilber*, USCA-02-C-0072, 7th Circuit Court, September 2004.
- • Filed a fraudulent, void ab initio corporate assignment of deed of trust, with authorized signature signed by an admitted forger (Bryan Bly) through Nationwide Title Clearing in 2009. (California Penal Codes §§115.4(a), 470(a) and 473 – forgeries & filing false documents), (California Civil Codes §§ 1185, 1189(a)(2) and 8202- Notaries), (California Civil Code §§ 1709 and 1710(2) – deceit); (Bryan Bly deposition, Deutsche Bank National Trust Co. V. Gary L. Hannah, Circuit Court of the Fourth Judicial Circuit in and for Clay County, Florida, Division, B: Case No. 2009-CA-1920).
- • Failed to notify borrower of the filing of the above assignment of deed of trust in violation of Helping Family Save Their Home act of 2009 (F.H.A.) amendment to the Truth in Lending Act (15 U.S.C. §1641(g)).

Our complaint is for the following causes of action:

- 1. To set-aside trustee sale
- 2. Wrongful Foreclosure
- 3. Cancellation of Instruments
- 4. Quiet Title
- 5. Slander of Title
- 6. Unfair Business Practices Under Business & Professional Code §§ 17200 et seq.
- 7. Elder Financial Abuse
- 8. Declaratory Relief

One defendant is settling and three others have defaulted.

Our case is very common. It is through my detailed research that I found that every single filing in our property's chain of title was fraudulent or irregular after the filing of the 1st and 2nd Variable Rate HECM deeds of trust in 2006. Also, this case will likely be withdrawn and filed in district court with additional violations and additional out-of-state defendants.

We are also concerned that the public comment period was too short and unpublicized for such a contentious plan as the merger of CIT Group (who have not repaid the TARP bailout funds that the taxpayers have loaned them) with OneWest Bank (who have made extraordinary profit from the taxpayers from the FDIC shared loss agreement, reimbursements from HUD FHA mortgage insurance pool for their wrongful foreclosures while accepting consideration for post-trustee sales of these properties AND whose "assets" and their great litigation potential will cause a new unstable too-big-to-fail bank).

This merger would be an extreme violation of public trust. Unfortunately, it would also show to the public that the federal agencies charged in regulating the lender industry for the health of the economy would be in fact assisting these scandalous organizations and rewarding them for violating state and federal laws and federal agency regulations and decrees.

And, when investors, c-level managers and organizations use local county recorders agencies to commit their fraudulent activity, again, they should not be rewarded with huge profits and compensation. They should be penalized like any individual citizen would be.

We urge the extension of the public comment period and the denial of the merger of these volatile banks.

I can be reached at (415) 202-4380.

RE: OPPOSITION TO THE ONEWEST BANK – CIT GROUP MERGER
FINANCIAL FREEDOM LOAN NUMBER: 30000036827
FHA CASE NUMBER: 042-7956327-952/255

The Shipley family is opposed to any plan that benefits OneWest Bank, N.A. and their investors at the great expense of taxpayers, citizens and the economy.

Our family is currently in litigation (*Estate of Clarence W. Shipley Jr. et al v. OneWest Bank, N.A. et al*, Solano County Superior Court – Case # FCS944329, October 9, 2014) with OneWest Bank where we, as plaintiffs and heirs, allege that OneWest Bank, Financial Freedom, Mortgage Electronic Registration Systems Inc., Clear Recon Inc. and their attorneys, Pite Duncan and other associates, engaged in the following:

- Failure to notify heirs of the 95% Rule (that heirs can satisfy the principle at 95% of the current appraisal or 95% of the current principle – whichever is less) – HUD HECM Guidelines.
- Failure to provide accounting when requested by letter for a debt validation, accounting and the original note under *Fields v. Wilber Law Firm, Donald L. Wilber & Kenneth Wilber*, USCA-02-C-0072, 7th Circuit Court, September 2004.

- Filed a fraudulent, void ab initio corporate assignment of deed of trust, with authorized signature signed by an admitted forger (Bryan Bly) through Nationwide Title Clearing in 2009. (California Penal Codes §§115.4(a), 470(a) and 473 – forgeries & filing false documents), (California Civil Codes §§ 1185, 1189(a)(2) and 8202- Notaries), (California Civil Code §§ 1709 and 1710(2) – deceit); (Bryan Bly deposition, *Deutsche Bank National Trust Co. V. Gary L. Hannah*, Circuit Court of the Fourth Judicial Circuit in and for Clay County, Florida, Division, B: Case No. 2009-CA-1920).
- Failed to notify borrower of the filing of the above assignment of deed of trust in violation of Helping Family Save Their Home act of 2009 (F.H.A.) amendment to the Truth in Lending Act (15 U.S.C. §1641(g)).
- Filed five out-of-order, unverified and unauthorized false instruments with the Solano County Recorders Office violating California jurat, notary (see above California code violations) and California Homeowners Bill of Rights laws (under California Civil Code §2924.17(a)) as well as the Office of Thrift Supervision decrees in Order No. WN-11-0011, *In the Matter of OneWest Bank, F.S.B.*, Pasadena, California, OTS Docket No. 18129 (04/13/2011).

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Dear Chair Yellen, President Dudley and Comptroller Curry,

After reading the 1/19/15 Los Angeles Times Business Section article about the email fight over the CIT takeover of One West Bank, I am writing to offer my support for the pending OneWest and CIT merger. I am a current deposit customer of OneWest Bank. I am also a small business owner employing over 30 people in Southern California. As a bank customer and business owner I am totally in favor of this merger which will make more resources available to support the local business community, existing bank customers and other people living in the community. This merger will be good for both the bank and the community. If ever there was a win-win bank merger, I believe this is it. Your approval should be given to this deal!

Dear President Dudley and Comptroller Curry,

I am writing because I am concerned about the proposed bank merger of CIT Group and OneWest bank, which would create another Too Big To Fail bank.

I am urging you, as the regulators of these banks, to hold public hearings in Los Angeles so the public can hear more about the risks of allowing another Too Big To Fail bank to be created.

Please show us that Main Street is more important than Wall Street!
