Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Betty Brown

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Katya Evseev

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,

I have banked with One West, Duarte CA for 15 years, ever since I moved into the city. I am 54 years old and have never before banked somewhere that I felt so at home in which I feel the staff is always looking out for my best interest. Although I am not a million dollar customer, I am made to feel as though I am.

I look forward to a merge that will enhance my banking services. The staffing couldn't get any better, they are the best!

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Princess Tatlonghari

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Brenda Dycus

Subject: Support for the OneWest and CIT MergerPending

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Grace Otting

February 13th, 2015

Greetings!

Let me first state that I know the exact location of the original, signed in ink and endorsed in blank note. It has been separated from the original mortgage. ...and the banks, their attorneys...none of them have it and have not had it in many years. One West Bank and Ocwest have NEVER held it.

I am currently seeking competent legal counsel in my case. It is my belief that at a minimum my case should be re-heard by an honest judge who has not been corrupted by Indy Mac Bank, One West Bank, OCWEST and or the banking industry. I further believe that with the proper attorney this will be a landmark case and I will receive compensation of almost two million dollars. All I truly desire from this action is to have my home free and clear of all liens, loans and further legal action(s).

I currently have an active appeal in the State Appeals Court (14A01-1204-MF - 00192) in Indiana following a court action in Daviess County Superior Court under cause number 14D01-1011-MF-170. In this case ONE WEST BANK has been granted a foreclosure order on my home and property located at 2658 East 550 South (Daviess County, Harrison Township). I have lived at the property since I moved back home to Indiana from Minnesota in 2005. I became the lawful owner of the property at the moment when the former owner, Carl Herrmann, and I agreed to a price of at least \$21 silver money and I took possession (a constitutional sale). This transfer was lawfully filed and recorded in the Records Office in Daviess County.

At this time I have entered into a Chapter 13 Bankruptcy in Federal Court (Evansville) in order to protect my home and property from a foreclosure sale. A Chapter 13 plan has been approved and I am currently paying by way of garnishment on this Chapter 13.

The mortgage company has hired a team of high dollar lawyers and done everything they can to win their case. They have been to my home to "inspect" it numerous times and have charged me a fee each time they did. They know that there is a precedent to be set in this instance....and they have to win!

The judge did rule that ONE WEST BANK must produce the note...they have not! And the judge has allowed the foreclosure to proceed! The judge ignored his own order that they must produce the note!

I have stated from the beginning of this case that ONE WEST BANK does not have and cannot produce the original unbesmirched note. It is physically impossible for them to do so. \* (I know the exact location of the original, wet ink, and ENDORSED in blank note. I know this because I have personally placed it in the hands of a protective third party.)

Under the law, ONE WEST BANK may not foreclose on my personal, private property without having lawful physical possession of both the mortgage and the note. In my case the judge in the local court

acted ultra vires when he acted as a professional witness and accepted a black and white copy of an unoriginal note to foreclose. The bank has provided no evidence of being the lawful owner of either item as they have provided not provided any chain of title and only submit photocopies and not original documents even after the order of the court. In this case the note and the mortgage have been separated. BOTH are now nullities.

The Clerk of Daviess County Indiana has submitted a letter to the judge in this matter that the original note is not in the file and to the best of the knowledge of the Clerk and the Court has NEVER been submitted to the court by One West Bank. This is further evidence that the court in Daviess County has either acted ultra vires or has made an error in the matter.

In this matter I have filed approximately 500 pages of documents and motions. I have asked for a hearing not less than seven times and to date have only received a "pre-trial conference." Ninety days later I received a letter in the mail from the court which showed that the judge had ruled on all the motions in the case on July 27th, 2011 and had denied all my motions but one. My due process rights were egregiously violated by the court.

By the judge ruling in this manner it has the appearance that the court has also violated Cannons 1,2 & 3 of the Code of Judicial Conduct.

When I went to the courthouse on Monday August 1st, 2011 I was denied access to the file for this case. I asked to look at the file and was denied. The judge had ruled on July 27th, 2011 that ONE WEST BANK had to provide me with a certified copy of the note and that they had to file the original note with the court. To allow me to properly respond to ONE WEST BANKS motion for summary judgment would have had to have seen the file to verify whether or not they have provided the court with the Note. Further, I have the right to inspect the note to determine if it is or is not the authentic, original, unbesmirched note. This is a public document to which as a party I am particularly privy. My due process rights in this matter are being denied by the court. Again, a second issue with due process.

Further, this is my case and a public court record. For the court to deny me access to this case file is a clear violation of my Constitutional rights, state court rules, local court rules and it further presses that the court has violated Cannon II of the judicial code of conduct.

I have also filed a land patent (21168) in Daviess County Indiana and notice of it was published in the Times Herald for three days which allowed 90 days for anyone to challenge ownership or place liens upon the property. None were filed and the land patent which I filed was perfected. There is no higher proof of ownership in this land than a perfected land patent. Never in our Nations history has a land patent been overturned.

I have also filed a land patent (21168) in Daviess County Indiana and notice of it was published in the Times Herald for three days which allowed 90 days for anyone to challenge ownership or place liens upon the property. None were filed and the land patent which I filed was perfected. There is no higher proof of ownership in this land than a perfected land patent. Never in our Nations history has a land patent been overturned.

I have accepted the deed to the property and both this acceptance of the deed and the land patent are recorded in Daviess County. Both documents were submitted to the court as evidence in my case. I witnessed the judge personally handle the documents.

ONE WEST BANK must have and lawfully posses the mortgage and the original unbesmirched note in order to foreclose. I have told the court, repeatedly, that ONE WEST BANK does not have and cannot produce the original note. ONE WEST BANK does not have standing to bring any action in court. The individual (if any) who retained council has never been identified and causes one to believe that the attorney brought this action himself. The copy of the note, furnished by ONE WEST BANK appears to have been endorsed and securitized. That is unlawful. At the point of securitization, the note is lawfully satisfied.

I had to file another motion and respond to a Motion for Summary Judgment which ONE WEST BANK filed in the matter. When I filed my motion I had to ask three times for a hearing to be scheduled in this matter. Each time I was told that the judge would have to review my documents and decide what he is going to do. ONE WEST BANK does not have standing to support a Summary Judgment. I, however, have submitted to this court my evidence and my affidavit which shows genuine issues of

material fact in dispute! This court acted in violation by not conducting a hearing to review my evidence and or allowing me to cross examine or review any opposing evidence and testimony.

I have provided the Court with a substantial amount of evidence on my behalf which clearly indicates that the Judge is acting Ultra Vires and that ONE WEST BANK is perpetrating fraud upon the court. I have cited numerous examples for the court where ONE WEST BANK is involved with other court matters of other persons and has committed fraud.

I submitted a freedom of information request to the FDIC and have submitted it to this court. It shows that neither Indy Mac Bank nor One West Bank own the mortgage or the note. They may, at best, be servicers of the note.

In this case the judge has ignored fatal flaws which were committed by ONE WEST BANK and their attorney. ONE WEST BANK failed to mail me a number of documents which were filed with the court on December 23rd, 2010. When I filed a motion with the court to have my case decided by default in my favor for this fatal error my motion was denied in direct opposition to the rules by which the court is to be conducted. They MUST send me copies of all items filed.

ONE WEST BANK is committing fraud and has done so in this case from the beginning. By the Court allowing ONE WEST BANK to proceed in this matter without demanding that ONE WEST BANK produce original wet ink documents, inclusive of a proper and unbroken chain of title, and prove lawful ownership of said documents by due process as is my right under the law is being repeatedly denied.

In my case (prior to foreclosure) I was encouraged by the lender to miss payments in order to qualify for a loan modification.

In December 2011 a Summary Judgment hearing was held. At this hearing I reminded the judge that he had ordered ONE WEST BANK to produce the note. I stated that they had not and asked him three times during the hearing when he was going to compel them to produce the note. The judge simply stated he would take care of it. It appears that the judge ignored his own order as he allowed them to foreclose. It appears the judge in this matter simply wants me and this case to go away.

I am currently seeking counsel to aid me in an appeal at the state level in this case. It is my understanding that you are currently representing a case against One West Bank / Indy Mac Bank and their corrupt business methods.

I would appreciate any and all assistance in this matter that you may render to me so that I may save my home from the illicit actions of One West Bank and their attorneys.

Dear Federal Reserve Bank of New York: Iam adamantly opposed to the above merger.Our home of 22 years in Marin County,Ca.was fraudulently foreclosed on as a result of 2 recinded loan modifications by Indymac/OWB.These 2 mods were granted via Indymac call centers located in India,who further indicated that due to backlogs,it would be some 60 days until documents would be mailed.We made payments,and only informed of recision when we called (again,India) to determine status of docs.The principal balance of loan was \$680,000.Current Zillow estimate is \$1,950,000.Iam now 70 years old.Granted mod payment amounts would have enabled us to service debt.Have been working with Sen. Boxer's office to achieve some sort of justice.Most recent responses fron OWB continue to include deceit and outright lies.They retained house at time of foreclosure and leased it for more than my previous 6.8% mortgage payment.Held for years prior to selling. **Subject:** Former Homeowner Opposition to Proposed Merger of CIT Group and OneWest Bank

Dear Federal Reserve and Office of the Comptroller of the Currency:

I am writing on behalf of Michelle Ayers and her sister, Mary Dambacher, who live in North Fort Meyers, Florida, and whose family home was lost to a foreclosure by OneWest's subsidiary, Financial Freedom. They have asked that I convey their strong opposition to the proposed merger of CIT Group and OneWest Bank.

Attached are 3 documents from the sisters about their experience seeking help from OneWest Bank and seeking help from regulators like the OCC.

These 3 documents have personally identifiable information redacted. However, if the OCC or Federal Reserve would like to follow up with the sisters, CRC can forward unredacted documents that contain account numbers, email addresses, and phone numbers. I'm also including their story as they shared it with a local news outlet. The story is available here: <http://www.jrn.com/fox4now/news/NFM-sisters-chained-to-home-to-protest-reverse-mortgage-287977331.html>

Thank you,

## NFM sisters chained to home to protest reverse mortgage

By Lisa Greenberg. CREATED Jan 8, 2015

NORTH FORT MYERS, Fla. - A woman chained her sibling to their family home, both refusing to leave after the family's failed plan to keep the home following their mother's death.

The home's been in the family for nearly 50 years, passed down from their grandparents,

to their mom.

They said the home was supposed to be passed down to them, but a reverse mortgage kept that from happening, and now they want to warn others.

"If these walls could talk, they'd have a lot to say. It's not worth a lot to a lot of people, but it is to us," Michelle Ayers said.

It's the memories in that home that have Michelle and her sister Mary Dambacher devastated.

Their grandparents lived there, and left it to their mother.

Michelle was born in one of the bedrooms, and their mom passed away in another room.

"My plan for my future was that I would buy the house and live out my days, and someday one of my kids would come take care of me so I could die in the bedroom," Mary said.

After their mom retired, she took out a reverse mortgage on the family home through Financial Freedom Specialists.

A reverse mortgage is a loan that allows older homeowners to convert part of their home's equity into income without selling or giving up the home.

Mary said the family agreed on a mortgage that was much less than the home's value because she said the bank promised her mom the home would stay in the family after she passed.

When her mother fell ill in 2013, Mary started to reclaim the home.

"I've been preapproved for a mortgage and had all the paperwork taken care of to repurchase the home, and basically Financial Freedom and One West Bank has refused me the right to purchase my home," Mary said.

She's filed complaints with the Consumer Financial Protection Bureau, and said she's tried everything to get the home back.

But the bank auctioned off the home in November.

The sisters were told they had to be out of the house by 10 o'clock. this morning, or else law enforcement would come to remove them.

But they took a stand, chaining Michelle to a pipe inside the home as a message, and waiting until they're forced to leave the home filled with precious memories for good.

"Our home's gone, and it's really about finding a voice for all the folks that they're doing this to," Mary said.

Four in Your Corner's Lisa Greenberg reached out to Financial Freedom.

A representative gave her the name and number of their media relations person, but when she called, she was told the person was no longer working with the company.

As of Thursday evening, law enforcement had not shown up at the home yet.

Count on Four in Your Corner to bring you any updates on this developing story

[Click here to learn why 100+ orgs. are opposing the CIT/OneWest Merger.](#)

Please give us a voice! My name is Mary Dambacher. My sister Michelle and I are 23 days away from having our family homestead sold as a foreclosure by OneWest Bank. My mom became a victim of the predatory lending practices of Financial Freedom/OneWest Bank in 2006 at the height of the housing market. Let me tell you a story about how OneWest is manipulating the Federal HUD Guidelines that are supposed to help families like us salvage their parent's homes from predatory HECM "Reverse" Mortgages. Financial Freedom/OneWest and others companies like them prey on the elderly who are desperate to maintain their independence. Then when the homeowner passes away they deny families their right to purchase the home back.

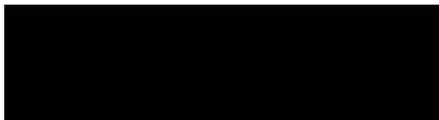

My grandparents purchased the property in question in 1968. I was 4 years old when we moved into this house. My sister was born shortly after, delivered here at home by my grandmother. After my grandparent's deaths, my mom inherited the house. Mom was diagnosed with stage 4 lung cancer in April 2013. She passed away here at home in her bedroom on Sept. 15, 2013. All 50 years of my life were spent creating memories here. My Sissy was born in one bedroom and my mom died in the other.

Shortly before mom's passing I made the first contact with OneWest to begin the process of trying to salvage the homestead from the "Reverse Mortgage". Since that time OneWest has continued to employ the same unethical business practices that have them involved in multiple class action suits concerning their involvement with IndyMac during the mortgage/foreclosure crisis. OneWest has manipulated the Federal HUD Redemption Program Guidelines and denied us our right to purchase the home under that program. There is a current Federal complaint filed by me with the Consumer Financial Protection Bureau.

This is potentially a national story as I'm sure there are many, many more families out there who have had the same experience that I have had with these banking conglomerates. The only way to start a grass roots movement against the unethical business practices of OneWest and companies like them is to have a voice. Please give us that. For all the families whose homes are being stripped from them by these predatory lenders.

Sincerely,

Mary Dambacher

Dear Sirs,

All information concerning this case is available from Consumer Financial Protection Bureau Case #'s [REDACTED] and [REDACTED]. The Mortgage is a Home Equity Conversion Mortgage or "Reverse Mortgage" # [REDACTED] that my mother Kathleen Kirkpatrick took against our family home in 2006. She passed away in Sept 2013 the house was left to me in her will. Correspondence from the courts such as foreclosure notices are addressed to the estate of Kathleen Kirkpatrick. I am the personal representative for her estate. There are no monthly payments. She received a lump sum at the time of the signing. The issue is that OneWest/Financial Freedom has blatantly prevented me from salvaging the home from the Reverse Mortgage. The HUD Redemption Program is designed to help survivors to re-purchase the home at or below the loan value. In my case it is \$60,000.00 below the loan value so they stand to lose a considerable amount of money. They have been provided with any and all documentation that they have requested over the course of this past year and continually find ways to impose time constraints that prevent me from closing on a mortgage to purchase the home under the HUD program. I started trying to work with OneWest/Financial Freedom prior to my mother's passing. I believe it was the beginning of Sept. 2013 when I made the initial contact with OneWest to begin the process of trying to purchase this house.. I have never been contacted by OneWest directly except through email. Their Short Sale representatives are not available to accept a phone call. I have made numerous calls to them through their call center, but can only speak to a call center representative. I hope this is the information you need.

Sincerely,

Mary Dambacher

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
cherry veloso

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Nelia Paa

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Joezel Ibe

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Sharon Fajardo

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Alejandro Dcaro

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Rommel Espinosa

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
rustan domingo

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Cristina Noblejas

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Joseph Daos

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Dyane Wilson

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
John Tantay

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Reno Plaza

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Monina Arcaira

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Agnes Monte

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
madonna hormigas

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
katherine Pangilinan

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Stephani Casimiro

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Ethel Mendoza

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Sonny Macadangdang

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Jenniefer Altar

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
Gloria An Millano

Subject: Support for the OneWest and CIT Merger

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
WINFRED JOHN DE CASTRO

Dear Chair Yellen, President Dudley and Comptroller Curry,

I am writing to offer my support for the pending OneWest and CIT merger. OneWest serves as a strong source of capital and banking services to the Southern California community. This merger will retain and create new jobs in California. I believe the management team and OneWest have demonstrated its commitment to our community and to serving the needs of not only their clients but the community at large and due to this, I do not believe there is a need for a public hearing.

Kind regards,  
arnel lorenzo

Dear Federal Reserve Bank of New York:

I have written to many people, including the former governor (Schwarzenegger) and the former attorney general of California and to the current CA Attorney General, Kamala Harris (& many others) who have refused to investigate this rampant crime at all:

“In May, 2009, shortly after mailing Indymac/One West Bank's "requirement for loan-mod" 2ND MORTGAGE PAYMENT FOR THAT MONTH (after a 3-month process of completing documentation and paying \$2,000/month for this new “program”), my husband called their refinance department to inquire how the re-finance was going. It was then we were given the completely shocking news that we had "7 days notice" (he was told this on his first phone call to them), then "10 days notice" (after he called them the second time) before our home would be foreclosed upon and auctioned!

We scrambled to find a lawyer, who had seen plenty of this type of scam and attempted to secure phone records, etc to fight this in court. With only 10 days notice, however, he ran out of time. Thankfully the lawyer was honest and reimbursed his fee. After the foreclosure and subsequent auction, we were then given a 30-day eviction notice by the "investors," who got our home at the auction. Our family's life has been completely ruined! We have next to nothing now, thanks to this scam! We want our home back!”

Thanks, (we hope),  
Sean & Lisa Salan

Dear Federal Reserve Bank of New York:

My name is Jose Villavicencio, The two mortgages of my house were sold or transfered from IndyMac to OneWest Bank. To make my story short, I just would like to let you know that while OneWest Bank was handling those mortgages, I received an unfair treatment from that Bank, one of the mortgages without me knowing it became a judgment by default and the other at first they gave me a mortgage modification that after I complied with all the requirements they denied it, supposedly because I didn't send documents that they required, but I did sent them, not just once but many times, I have documentation that can prove that. For my second mortgage last year I had no option than to accept an in house modification or lose my house.

I know thousands of people were faced with the same or even worst situations

Please don't allow the merge of One West Bank with Citibank, doing so it will let One West Bank to laundry all of their bad actions and at the end to permit impunity in our well constructed Bank System.

Thank you very much.

Jose Villavicencio

Dear Federal Reserve Bank of New York:

I have been fighting OneWest Bank in Court for 4 years now. I originally got an IndyMac Bank loan and it was serviced by IndyMac Mortgage Services. They became OneWest.

OneWest is nothing but a large and evil criminal enterprise. They have gotten away with financial fraud crimes that would put anyone else behind bars for life. Their crime spree has hurt and destroyed hundreds of thousands of innocent and decent people. I am fighting back. I'm fighting for my family, and to stop OneWest from causing pain, suffering, and financial loss to any more good people!

Stephen Mnucin should be prosecuted and sentenced for his crimes. Stop the OneWest/Citi Bank merger! Don't reward this criminal! He's made billions of dollars by stealing properties from homeowners through fraud. Please stop him now!

Subject: OneWest and CIT Group Bank Merger

Dear Federal Reserve Bank of New York:

I will copy/paste my letter and shorten to the best of my ability.  
In fact maybe best to just say it in a paragraph. One West Bank refused to give me a HAMP. The main ways in which this refusal happened. They claimed to lose my paperwork. That I'd repetitively need to resend to them.

They chose to throw out my whole packet. If they claimed say one of my papers for HAMP wasn't signed? Like my 1040? I always complied with their guidelines to send my packets for HAMP. I redid them consisistantly. All the while they were doing their best to sabotage my attempt to be helped. I was as well not considered in Hardship. Even though clearly I was. But I was told by Alisha Bender actually from One West Bank. That "off the record...I'm not support to tell you this? But you must not have paid your mortgage between 2-4 months. To even be considered a hardship." Because I was paying my mortgage via my cashed out credit card. As I was in hardship. Struggling for work struggling to find a tenant during the back lash from the 2008 crash. I lost a lot.

My home is a beautiful home in the Hollywood Hills. There was no incentive for One West Bank to help? But of course they worked their usual fraud magic as you will hear the same stories repeated. Because they did the same things to others. Many others. That's why they were fined by the FED in both Pasadena and I do believe Texas if I'm not mistaken. One West Bank tried to foreclose on me 4 times. The 4th time they actually hired a private locksmith company out of Temescal CA. To break and enter into my home.. I know this because I took a picture of the work order. To which has been seen by numerous people and of course documented date and time of event.

So 9 days before their attempt to offer me no help. Try to sabotage me. Lie in documents. Lie in my BK Chapter 7 case. Where by they placed a fraudulent ALLONGE in my case. Then MANY Months later.. found the document they said was my ALLONGE. My BK attorney was unable to have any say in the fact that they placed twice.. the incorrect document claiming it was mine. Then just were allowed to put into the case the brand new document they said it was a mistake. So, swept under the rug no big deal with the court apparently? Not legal to do this? Nor was hiring a locksmith to break and enter my home 9 days before the next attempt to take my property without any help? Nor following the law to do so?

So, I honestly don't know if I'm writing to human beings who truly care for justice? Or if perhaps you'd like the dictatorship and law violations to continue in the current corrupt system we've got already set in place?

I do feel it'd be a MUCH Better world if everyone got to live their lives without being sabotaged by greed and ritualistic abuse they are forced into. Just by way of wanting to own their own property. The one they paid for 20 % down and paid the mortgage religiously. Until they got into a difficult hardship. Then went on the ritually abusive chaos train to hell. But at least we always got a lovely written apology they say we're sorry for the inconvenience and frustrations we have been experiencing? An apology for purposefully abusing someone is truly beyond A Hannibal Lector experience. Any sociopath will tell you sorry and hurt you while they're doing it. How bout if you guys help US? If you are on the greedy road to collude with this madness? Maybe open your eyes and your collective hearts to see. We're not such bad people? Human beings with human rights to be helped and not attacked by those who can't feel

life flowing through their blood and hearts? The thing is.. the money? NO ONE can take it with them? Once you die? It doesn't live on with you? It goes wherever? But while you live? Why not help people with it? Not violate them and control and manipulate them? WHY? How can anyone feel powerful or for that matter empowered? To do harm ritualistically? Then try to cover it up of course.. but then go through hell and try to get a hearing? To what??? Find out it's all smoke and mirrors anyway?

Please show some character you guys? Help us.. if you have any loved ones? If you feel anything? Knowing that you guys by now must know all about this matter for millions of people? Is there any heart in this matter for any one of you??? Those of us who have been violated by One West Bank... and I know you know that it's not just One West. It's Citibank, Chase, Wells Fargo, Bank of America just to name a few. But MANY more and we all know it.. and we all have felt tortured by the ritualistic pain of the situation. We know the gov't knows, we know the court system knows.. we ALL KNOW THIS FACT!

What I'd love to know is.. will you guys show up for humanity? or will this be another smoke and mirrors show? Yeah, I guess more than a paragraph but you got the gist..hardship

Thanks!

Re: Timely Request by Inner City Press / Fair Finance Watch for NY Hearing; separately for Testimony to be presented at February 26 public meeting on the Application of CIT Group Inc. and Carbon Merger Sub LLC to acquire and merge with IMB HoldCo LLC, and indirectly acquire voting shares of OneWest Bank, N.A.

Dear Mr. Turner and others in the FRS:

This is a timely request for the forthcoming testimony of Inner City Press / Fair Finance Watch (ICP) to be presented at public meeting on the Application of CIT Group Inc. and Carbon Merger Sub LLC to acquire and merge with IMB HoldCo LLC, and indirectly acquire voting shares of OneWest Bank, N.A., slated to be held in Los Angeles only on February 26.

ICP has submitted five comments to date opposing and requesting information about the proposal; those are incorporated herein by reference and will be supplemented on February 26.

This application is being processed by the Federal Reserve Bank of New York; CIT is here and impacts communities around the nation. ICP is requesting that public hearing be held in New York and elsewhere; it and others could testify by video from the Federal Reserve Bank of NY, as other US regulatory agencies have allowed.

In the alternative -- we are requesting a ruling on the above request, specifically in light of CIT's presence in New York -- we also understand that the FRS has confirmed that

commenters like ICP who cannot be physically present in Los Angeles on February 26 can be read into the record by others. ICP is timely notifying you that its testimony will be read into the record by the California Reinvestment Coalition.

For the record, the FRS has allowed this in the past -- see, e.g., [this](#): ICP reading CRC's testimony in the record at FRS public meeting at the FRBNY on the ill-fated Citicorp - Travelers merger (<http://www.federalreserve.gov/events/publicmeeting/19980625/panel8.htm>) Now, this.

ICP has opposed, and will be opposing, the proposal, and asks for as much time as the FRS grants any other participant, including the bank(s).

Please confirm receipt and that this previously FRS accepted method of testifying will be accepted in this case, by e-mail to [lee@fairfinancewatch.org](mailto:lee@fairfinancewatch.org) and [innercitypress@gmail.com](mailto:innercitypress@gmail.com), by hard copy to:
