Course Description Principles of Insurance (Online)

Principles of Insurance (Online)

TYPE OF PARTICIPANT TARGETED

This online course is designed for those who need an overview of the insurance business, including its structure, operations, and regulation.

COURSE OVERVIEW

This on-line course provides an overview of the insurance business (property-casualty and life-health), with an emphasis on the following:

- Types of personal and commercial insurance
- Major types of insurance policies, including annuities
- Major insurance policy provisions
- Insurance distribution systems
- Insurance underwriting and claims management
- Captive insurance
- U.S. insurance regulation, including the solvency framework and the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act
