October 18, 2011 – Kansas City, Missouri
October 25, 2011 – Omaha, Nebraska

Participants: Rachel Estes, Barry Magnuson, and Aaron Wiman (Federal Reserve Bank of Kansas City)

Industry participants

Summary: Federal Reserve Bank of Kansas City staff hosted a series of informational presentations that were offered as part of the *Bank Holding Company and Savings & Loan Holding Company Regulatory Reporting seminar*. As part of these meetings, Federal Reserve staff provided information on existing regulatory reporting requirements for bank holding companies, including information relating to consolidated reports, unconsolidated reports, and organizational structure reports. For the savings and loan holding companies that attended, the topics covered were for informational purposes and to provide a better understanding of the Federal Reserve System and regulatory reports that are filed by bank holding companies. Savings and loan holding company participants were advised to submit any questions or comments in response to the Board's proposal, which would require savings and loan holding companies to submit the same reports as bank holding companies, and is available at: <http://www.federalreserve.gov/newsevents/press/bcreg/20110822a.htm>.
