The Federal Reserve Payments Study

Survey Period: Calendar Year 2018

The Depository and Financial Institutions Payments Survey (DFIPS) includes:

- Institution's affiliates
- Institution profile
- Check profile, payments, deposits, and outgoing returns
- ▶ ACH profile, originations, receipts, and outgoing returns
- Wire transfers originated and received
- Non-prepaid debit cards
- General-purpose prepaid cards
- General-purpose credit cards
- Cash withdrawals and deposits
- Alternative payment initiation methods

>> Please respond by: August 7, 2019 <<

General Instructions

About the survey

The Federal Reserve 2019 *Depository and Financial Institutions Payments Survey* (DFIPS) is a national survey of depository and financial institutions that offer transaction deposit accounts, prepaid card program accounts, and credit card accounts to consumer, business, and government customers. The survey gathers data about noncash payments, cash withdrawals and deposits that posted to customer accounts, and unauthorized third-party payments fraud against those customer's accounts that took place during calendar year 2018. Data from your response will contribute to estimates of the national aggregate number and value of payments and withdrawals made by these transaction methods. The Federal Reserve will compare the results of this 2019 survey to previous surveys conducted since 2001.

Confidentiality

Any information you provide for this survey is strictly confidential. Individual responses to the survey will not be shared with the public or the industry.

Your participation

Your response to this survey will be used to estimate national aggregate volumes for calendar year 2018. To achieve the most reliable results, it is important that you respond completely and accurately. **If your institution outsourced payments processing to another organization during calendar year 2018**, please request the necessary data from that organization or provide them with the survey so they may respond on behalf of your institution.

Please leave no survey item blank.

There are **three possible ways** to respond to a survey item that requests a numeric value:

- 1. If your institution has volume for the item requested and the volume is known or can be accurately estimated, please enter the amount. (Enter "0" if the amount equals zero.)
- If your institution has volume for the item requested but the volume is unknown, nonzero, and cannot be accurately estimated, please enter "NR" (not reported). (Do not enter "0" if the volume exists but the amount is unknown.)
- 3. If your institution does not have volume for the item requested (i.e., the item requested does not apply to your institution), **please enter "0"**.

Definitions and examples

Definitions and examples can be found in the glossary. Please visit www.paymentstudy.com to download a PDF copy of the glossary.

Public reporting burden for this collection of information is estimated to be an average of 22 hours per response, including the time to gather and maintain data in the required form, to review the instructions and to complete the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Secretary, Board of Governors of the Federal Reserve System, 20th and C Streets, NW, Washington, DC 20551; and to the Office of Management and Budget, Paperwork Reduction Project (7100-0351), Washington, DC 20503.

Affiliates

This is an enterprise-wide survey. Throughout this survey instrument, "your institution" refers to the entire enterprise including all affiliates. For example, during 2018, if your institution acquired or merged with another institution which is not listed, please report data for the combined enterprise; or if your institution began to process combined volume before the end of 2018, please report data for the combined enterprise as if the merger had already occurred during 2018. For accurate statistical estimation of national aggregate figures for full calendar year 2018, we need to know which affiliates (listed in item 1 below) are not included in your response to different parts of the survey and which additional (not listed in item 1 below) are included in your response.

Please contact us at fedstudy@mckinsey.com if you have any questions or concernsabout the items on this page.

1. For each affiliate listed, please mark any sections where its data are included in your response. According to our records (as of December 31, 2018), the following affiliated institutions should be included in your response. If you have included additional affiliates in your response, please report them in the empty blue fields below and mark any sections where their data are included in your response. AN "X" MARK INDICATES THAT THE AFFILIATE IS INCLUDED IN YOUR RESPONSE FOR THAT SECTION OF THE SURVEY. PLEASE UNMARK ANY SECTION WHERE IT IS NOT INCLUDED.

Institution Profile

Note: Please use your best available information to complete the survey for full calendar year 2018, including data for all affiliates. "Your institution" refers to the entire enterprise including all affiliates (see page 3). Only report data associated with your institution's U.S. domiciled accounts (i.e., those accounts located within the 50 U.S. states, D.C., or U.S. territories such as Guam, Puerto Rico, or U.S. Virgin Islands). The data you provide will only be used to produce national aggregate estimates of the volumes being measured.

	Ave	Average of monthly total in 2018	
	N	umber	Balance (\$)
Transaction deposit accounts (including Demand Deposit Accounts (DDAs)) = 1.a + 1.b			
(Average of monthly totals in 2018)			
Include: Checking accounts, NOW accounts, and sharedraft accounts. Do not include: Non-transaction accounts (savings accounts, money market accounts, certificates of deposits), prepaid card program accounts, credit card accounts, accounts of foreign governments and official institutions, or accounts of other depository institutions. Do not include balances reported in item 3 (retail sweep program accounts) and item 5 (wholesale sweep program accounts) below. Average of monthly totals means the average of end-of-month totals for each of the months in 2018.			
1.a. Consumer accounts			
1.b. Business/government accounts			
Did your institution or any of its affiliates employ the use of a retail sweep program (i.e., reserve sweep program) during	_ \ _ N	res No	
calendar year 2018?		Oon't know	
In order to make national aggregate estimates, we use your institution's deposit balances as a sizing measure. Understanding if your institution used a retail sweep program will help inform our estimates. In a retail sweep, depository institutions move unused funds from checkable deposit accounts (both consumer and business/government) to special purpose money market deposit accounts (MMDAs) and return the funds to checkable deposit accounts only as needed to cover payments. This practice does not adversely impact the accountholder but allows the institution to reduce nonearning assets. Do not consider wholesale sweep program accounts (i.e., corporate sweep program accounts).			
	Ave	erage of m in 2	onthly totals
	N	umber	<u>s : c</u> Balance (\$)
Retail sweep program accounts (i.e., reserve sweep program accounts) = 3.a + 3.b			,
(Average of monthly totals in 2018)			
Include: Savings and money market deposit accounts associated with retail sweep programs.			
Do not include: Checking accounts, NOW accounts, and share draft accounts. Do not include balances reported in item 1 above (transaction deposit accounts) and item 5 below (wholesale sweep program accounts), or accounts and balances of any savings-type account not associated with transaction deposit accounts under a sweep program.			
Average of monthly totals means the average of end-of-month totals for each of the months in 2018.			
3.a. Consumer accounts			
3.b. Business/government accounts			

Institution Profile

4.	Did your institution provide a wholesale sweep program (i.e., corporate sweep program) to your business accountholders during calendar year 2018? Do not consider retail sweep program accounts (i.e., reserve sweep program accounts).		Yes No Don't know	,
		<u>A</u>		nonthly totals 2018
			Number	Balance (\$)
5.	Wholesale sweep program accounts (i.e., corporate sweep program accounts) (Average of monthly totals in 2018)			
	Include: Corporate sweep accounts in which funds from your business accountholders are swept overnight into investment instruments.			
	Do not include: Checking accounts, NOW accounts, and share draft accounts. Do not include balances reported in item 1 (transaction deposit accounts) and item 3 (retail sweep program accounts) above, or accounts and balances of any savings-type account not associated with transaction deposit accounts under a sweep program.			
	Average of monthly totals means the average of end-of-month totals for each of the months in 2018.			
Plea	se provide any comments in the box below:			

Checks

Note: Please use your best available information to complete the survey for full calendar year 2018, including data for all affiliates. "Your institution" refers to the entire enterprise including all affiliates (see page 3). Only report data associated with your institution's U.S. domiciled accounts (i.e., those accounts located within the 50 U.S. states, D.C., or U.S. territories such as Guam, Puerto Rico, or U.S. Virgin Islands). The data you provide will only be used to produce national aggregate estimates of the volumes being measured.

Third-party fraudulent transactions:

These are cleared and settled checks that a third party initiated without the authorization, agreement, or voluntary assistance of an authorized check signer with the intent to deceive for personal gain. For "on-us" checks, it is considered cleared and settled if funds were made available to the receiving accountholder.

Include: All third-party fraudulent check transactions regardless of whether a loss is incurred.

institution in a due-to account and performs check clearing services on its behalf.

Do not include: Fraud attempts that were prevented before the check was cleared and settled, fraud attempts that resulted infrozen funds (funds not made available to the perpetrator), or fraud committed by your institution's accountholders (first-party fraud).

Check Profile

1.	Did your institution outsource check processing to another organization (i.e., its "processor") during calendar year 2018?	Yes, in all cases Yes, in some cases No Don't know	
	1.a. If your answer is "Yes, in all cases" or "Yes, in some cases" to item 1 above, are you able to include these outsourced portion in your answers below? If your answer is "Yes, in some cases," please explain in the comments box at the end of the Checks section below.	Yes No Don't know	
2.	Are you able to exclude non-check documents from "all checks drawn on your institution" item 5 below? Non-check documents are "other" items processed on check sorters (e.g., batch headers, general ledger tickets, cash-in or cash-out tickets, deposit slips).	Yes, in all cases Yes, in some cases No Don't know	
3.	Are you able to report checks deposited at one affiliate of your institution but drawn on another affiliate of your institution as "on-us" volume in item 5.b below? Some institutions call this "on-we" volume, which should be reported entirely under item 5.b below if possible.	Yes, for all affiliates Yes, for some affiliates No Don't know Don't have any affiliates	
4.	Did your institution process checks for an unaffiliated depository institution as part of a correspondent banking relationship during calendar year 2018? As a "correspondent bank," your institution holds balances for an unaffiliated depository	Yes No Don't know	

Checks

Check Payments

			Number	Value (\$)

	11.a.3. Other unauthorized		
	11.b. Nonsufficient funds		
	11.c. Duplicate presentment		
	11.d. Other (including administrative returns)		
leas	se provide any comments in the box below:		

Note: Please use your best available information to complete the survey for full calendar year 2018, including data for all affiliates. "Your institution" refers to the entire enterprise including all affiliates (see page 3). Only report data associated with your institution's U.S. domiciled accounts (i.e., those accounts located within the 50 U.S. states, D.C., or U.S. territories such as Guam, Puerto Rico, or U.S. Virgin Islands). If your institution's accountholder is the payer, then the payee may be domestic or foreign. If your institution's accountholder is the payee, then the payer may be domestic or foreign. The data you provide will only be used to produce national aggregate estimates of the volumes being measured.

The following ACH section is divided into three parts: Profile, Originations, and Receipts & Outgoing Returns. The section is divided as follows:

- The Profile section will ask questions about "if" and "how" your institution processed/originated ACH payments in calendaryear 2018
- The Originations section will ask questions about any payments and third-party fraud volume that your institution originated in calendar year 2018
- The Receipts & Outgoing Returns section will ask questions about any payments and third-party fraud volume that your institution received and outgoing debit return entries that your institution originated in calendar year 2018

Definitions:

- Originating Depository Financial Institution (ODFI): The Originating Depository Financial Institution (ODFI) is the financial institution that initiates and warrants electronic payments through the ACH network (or on-us) on behalf of its customers
- Receiving Depository Financial Institution (RDFI): The Receiving Depository Financial Institution (RDFI) is the financial institution that provides depository account services to individuals and organizations and accepts and posts electronic entries to those accounts
- Network ACH entries: A network ACH entry is one that is cleared through a network operator (i.e., the Federal Reserve or EPN). Please consider all network ACH entries, including those for which your institution is both the ODFI and RDFI (i.e., network on-us ACH entries), and volume sent or received by a correspondent bank on behalf of your institution via a network operator
- In-house on-us ACH entries: An in-house on-us ACH entry is one for which your institution is both the ODFI and the RDFI without the use of a network operator (i.e., the Federal Reserve or EPN), for clearing or settlement. In-house on-us entries result in the movement of funds from one account to another within your institution
- **Direct exchange ACH entries:** A direct exchange ACH entry is one that is exchanged directly between your institution and another. Some institutions call these "direct send" entries. Direct exchange does not include volume sent or received by a correspondent bank on behalf of your institution. Correspondent volume should be included with Network ACH entries
- Offset entries: An offset ACH entry is an on-us entry used to effect settlement by an ODFI. For example, when acting as ODFI for one hundred credit entries for \$1,000 each for a corporate accountholder, an ODFI might originate a single \$100,000 debit entry to draw funds from the originator's funding account
- Balanced files: Balanced files contain offsetting entries that automatically credit or debit the customer's Demand Deposit Account (DDA) for the debit and/or credit transactions on the file. The debit and credit offset entries should equal the value of the credit and debit originated entries respectively in the received file from the accountholder
- Unbalanced files: Unbalanced files do not have an offsetting entry that automatically credits or debits the customer's DDA for the debit and/or credit originated. After receiving the file from the accountholder, the ODFI will then originate the offset entries to balance the file. Most institutions prefer to receive unbalanced files

Third-party fraudulent transactions:

These are cleared and settled ACH transfers that a third party initiated without the authorization, agreement, or voluntary assistance of an authorized accountholder with the intent to deceive for personal gain. For "on-us" ACH transfers, it is considered cleared and settled if funds were made available to the receiving accountholder.

Include: All third-party fraudulent ACH transactions regardless of whether a loss is incurred.

Do not include: Fraud attempts that were prevented before the ACH was cleared and settled, fraud attempts that resulted in frozen funds (funds not made available to the perpetrator), or fraud committed by your institution's accountholders (first-party fraud).

ACH Profile

1.	Did your institution post transactions from other payment instruments to your Demand Deposit Account (DDA) system using your ACH platform during calendar year 2018? Rather than maintaining an interface between your institution's DDA system and a particular transaction processing system (e.g., signature-based debit card or wire transfer), your institution creates a separate ACH entry to post each of those non-ACH transactions.	0	Yes No Don't know
2.	Did your institution originate forward ACH credits (not including returns or offset entries) during calendar year 2018? If your answer is "No," please report "No" for item 5 below, and report "0" for items 6 and its subsets, 7 and its subsets, 8 and its subsets, and 9 and its subsets below.		Yes No Don't know
3.	Did your institution originate forward ACH debits (not including returns or offset entries) during calendar year 2018? If your answer is "No," please report "0" for items 10, 11, and 14.b below (If you do not originate debit entries, then you will not receive on-us entries).		Yes No Don't know
4.	Did your institution originate offset ACH debit or credit entries during calendar year 2018?		Yes No Don't know
	4.a. If your answer is "Yes" to item 4 above, are you able to exclude balanced files offset ACH volumes from your answers below? Even if you are not able to exclude all offset volumes from balanced files, please report the volumes of your institution's forward ACH entries and third-party fraud below.		Yes, volumes below exclude all offsets from balanced files Yes, volumes below exclude some offsets from balanced files No, volumes below include all offsets from balanced files
	4.b. If your answer is "Yes" to item 4 above, are you able to exclude unbalanced files offset ACH volumes from your answers below? Even if you are not able to exclude all offset volumes from unbalanced files, please report the volumes of your institution's forward ACH entries and third-party fraud below.		Yes, volumes below exclude all offsets from unbalanced files Yes, volumes below exclude some offsets from unbalanced files No, volumes below include all offsets from unbalanced files
5.	Did your institution offer same-day settlement of ACH credit originations during calendar year 2018? The effective date for same-day settlement of credits was September 23, 2016. If your answer is "No," please report "0" for items 8.a and 9.a below.		Yes No Don't know

ACH Originations

		Number	Value (\$)
6.	Total forward ACH credit entries your institution originated (ODFI credits) = 6.a + 6.b + 6.c		
	6.a. Network ACH credit entries originated		
	6.b. In-house on-us ACH credit entries originated		
	6.c. Direct exchange ACH credit entries originated		
		Number	Value (\$)
7.	Total forward ACH credit entries your institution originated (ODFI credits) (repeat item 6) = 7.a + 7.b		, ,
	7.a. From consumer accounts		
	7.b. From business/government accounts		
		Number	Value (\$)
8.	Total forward ACH credit entries your institution originated (ODFI credits) (repeat item 6) = 8.a + 8.b		
	8.a. Same-day settlement		
	8.b. Non-same-day settlement		
		Number	Value (\$)
9.	Third-party fraudulent forward ACH credit entries your institution originated(ODFI credits) = 9.a + 9.b		
	9.a. Same-day settlement		
	9.b. Non-same-day settlement		
		Number	Value (\$)
10.	Total forward ACH debit entries your institution originated (ODFI debits)		(+)
		Number	Value (\$)
11.	Third-party fraudulent forward ACH debit entries your institution originated (fraudulent ODFI debits)		

ACH Receipts & Outgoing Returns

		Number	Value (\$)
12.	Total forward ACH credit entries your institution received (RDFI credits)		
		Number	Value (\$)
13.	Third-party fraudulent forward ACH credit entries your institution received (fraudulent RDFI credits)	Number	value (\$)
		Number	Value (\$)
14.	Total forward ACH debit entries your institution received (RDFI debits) = 14.a + 14.b + 14.c	Number	varue (v)
	14.a. Network ACH debit entries received		
	14.b. In-house on-us ACH debit entries received		
	14.c. Direct exchange ACH debit entries received		
		Number	Value (\$)
15.	Total forward ACH debit entries your institution received (RDFI debits) (repeat item 14) = 15.a + 15.b		C.7
	15.a. From consumer accounts		
	15.b. From business/government accounts		
		Number	Value (\$)
16.	Total forward ACH debit entries your institution received (RDFI debits) (repeat item 14) = 16.a + 16.b		(1)
	16.a. Same-day settlement		
	16.b. Non-same-day settlement		
		Number	Value (\$)
17.	Third-party fraudulent forward ACH debit entries your institution received (RDFI debits) = 17.a + 17.b		
	17.a. Same-day settlement		
	17.b. Non-same-day settlement		
		Number	Value (\$)
18.	ACH outgoing debit returns (i.e., debit return entries your institution originated including "on-us" debit returns)		
	These are forward ACH debit entries your institution received and were subsequently returned by your institution, the RDFI.

Wire Transfers

Note: Please use your best available information to complete the survey for full calendar year 2018, including data for all affiliates. "Your institution" refers to the entire enterprise including all affiliates (see page 3). Only report data associated with your institution's U.S. domiciled accounts (i.e., those accounts located within the 50 U.S. states, D.C., or U.S. territories such as Guam, Puerto Rico, or U.S. Virgin Islands). If your institution's accountholder is the payer, then the payee may be domestic or foreign. If your institution's accountholder is the payee, then the payer may be domestic or foreign. The data you provide will only be used to produce national aggregate estimates of the volumes being measured.

Wire transfer originations (Outgoing)

Include: All wire transfers originated by your institution's U.S. domiciled accountholders with either a domestic or foreign beneficiary. Include funds transfers originated using the large-value systems (i.e., Fedwire and CHIPS). Include payments that your institution's accountholders submitted and settled through these systems directly or through a correspondent. Include booktransfers (i.e., internal transfers using your institution's wire platform).

Do not include: Wire transfers your institution originated on behalf of an unaffiliated depository institution (i.e., correspondent/volume).

Wire transfer receipts (Incoming)

Include: All wire transfers received by your institution's U.S. domiciled accountholders with either a domestic or foreign wire-sender. Include funds transfers received using the large-value systems (i.e., Fedwire and CHIPS). Include payments that yourinstitution's accountholders received and settled through these systems directly or through a correspondent. Include book transfers (i.e., internal transfers using your institution's wire platform).

Do not include: Wire transfers your institution received on behalf of an unaffiliated depository institution (i.e., correspondent volume).

Third-party fraudulent transactions:

These are cleared and settled wire transfers that a third party initiated without the authorization, agreement, or voluntary assistance of an authorized accountholder with the intent to deceive for personal gain. For "on-us" wire transfers, it is considered cleared and settled if funds were made available to the receiving accountholder.

Include: All third-party fraudulent wire transfers regardless of whether a loss is incurred.

Do not include: Fraud attempts that were prevented before the wire transfer was cleared and settled, fraud attempts that resulted in frozen funds (funds not made available to the perpetrator), or fraud committed by your institution's accountholders (first-party fraud).

Wire Transfers Originated (Outgoing)

1.	Did your institution originate wires on behalf of an unaffiliated depository institution during calendar year 2018 (i.e., correspondent volume)? □ Ves Don't known correspondent volume or correspond			
	1.a.	If your answer is "Yes" to item 1 above, are you able to exclude these volumes from your answers below? If your answer is "Yes, in some cases," please explain in the comments box at the end of the Wire Transfers section below.		Yes, in all cases Yes, in some cases No Don't know
2.		an unaffiliated depository institution originate wires on alf of your institution during calendar year 2018?	0	Yes No Don't know
	2.a.	If your answer is "Yes" to item 2 above, are you able to include these volumes in your answers below? If your answer is "Yes, in some cases," please explain in the comments box at the end of the Wire Transfers section below.		Yes, in all cases Yes, in some cases No Don't know

Wire Transfers

Non-Prepaid Debit Cards

Note: Please use your best available information to complete the survey for full calendar year 2018, including data for all affiliates. "Your institution" refers to the entire enterprise including all affiliates (see page 3). Only report data associated with your institution's U.S. domiciled accounts (i.e., those accounts located within the 50 U.S. states, D.C., or U.S. territories such as Guam, Puerto Rico, or U.S. Virgin Islands). If your institution's accountholder is the payer, then the payee may be domestic or foreign. If your institution's accountholder is the payee, then the payer may be domestic or foreign. The data you provide will only be used to produce national aggregate estimates of the volumes being measured.

Third-party 1	fraudulent	transactions:
---------------	------------	---------------

This section includes questions on third-party fraudulent non-prepaid debit card transactions:

These are cleared and settled non-prepaid debit card transactions that a third party initiated without the authorization, agreement, or voluntary assistance of an authorized accountholder or cardholder with the intent to deceive for personal gain. For "on-us" transactions, it is considered cleared and settled if funds were made available to the receiving accountholder.

Include: All third-party fraudulent non-prepaid debit card transactions before any recoveries or chargebacks.

Do not include: Fraud prevented by declining a transaction or fraud committed by your institution's accountholders (first-partyfraud).

1.a. If your answer is "Yes" to item 1 above, are you able to exclude general-purpose prepaid card volumes from your answers below? General-purpose prepaid card (including payroll prepaid card) should only be included in the volumes reported in the General-Purpose Prepaid Cards section of the questionnaire. If your answer is "Yes, in some cases," please explain in the comments box at the end of the Non-Prepaid Debit Cards section below. If your answer is "Yes, in some cases," please explain in the comments box at the end of the Non-Prepaid Debit Cards section below. If your answer is "Yes, in some cases," please explain in the comments box at the end of the Non-Prepaid debit card transactions for all items below. Please explain in the comments box at the end of the Non-Prepaid Debit Cards section below. Average of monthly total in 2018 Number of non-prepaid debit cards = 2.a + 2.b (Average of monthly totals in 2018) Report non-prepaid debit cards associated with transaction deposit accounts reported in the Institution Profile section. For cards in force, report only cards that had been issued by your institution, activated by your institution's accountholders, and had not expired at the end of a month. For cards with purchase activity, report only cards in force that were used to make at least one point-of-sale (POS) and/or bill payment in a month. Average of monthly totals means the average of end-of-month totals for each of the months in 2018. 2.a. Consumer cards	Did your institution have non-prepaid debit cards in circulation in 2018 for which your institution was the issuer?	_	Yes No Don't know	
Number of non-prepaid debit cards = 2.a + 2.b (Average of monthly totals in 2018) Report non-prepaid debit cards associated with transaction deposit accounts reported in the Institution Profile section.
