## FEDERAL RESERVE statistical release

For release at 4:30 p.m. EDT July 11, 2013

The Board's H.3 statistical release, "Aggregate Reserves of Depository Institutions and the Monetary Base," includes data for the first time depicting (1) the penalty-free band around reserve balance requirements provided for in the final phase of the <u>simplification of reserves</u> <u>administration</u>, (2) interest rates paid on balances maintained to satisfy reserve balance requirements and balances maintained that exceed the top of the penalty-free band, and (3) a monetary base series calculated based on a simplified formula. At the same time, several series formerly published in the H.3 statistical release have been discontinued, including the break-adjusted, seasonally adjusted monetary base. Historical data for all discontinued series remain available through the <u>Data Download Program</u>. For supplemental information on the new H.3 statistical release, see: www.federalreserve.gov/releases/h3/h3\_technical\_qa.htm.
