
INSTRUCTIONS FOR PREPARATION OF

Application to Become a Savings and Loan Holding Company or to Acquire a Savings Association or Savings and Loan Holding Company

FR LL-10(e)

Who May Use This Form

This form should be used for applications filed with the Federal Reserve System (the “Federal Reserve”) under section 10(e) of Home Owners’ Loan Act (“HOLA”), 12 U.S.C. 1461 *et. seq.*; and 12 CFR 238.11(a) through (e) that involve the formation of a savings and loan holding company, acquisition of control of a savings association, acquisition of savings association or savings and loan holding company securities if the acquisition results in the company’s control of more than 5 percent of the outstanding shares of any class of voting security of the savings association or savings and loan holding company; acquisition of all or substantially all of the assets of a savings association or a savings and loan holding company; or merger of savings and loan holding companies (unless exempt under 12 CFR 238.12).

In some cases, a savings and loan holding company acquisition may result in a person or group of persons acquiring control of a savings and loan holding company for purposes of the Change in Bank Control Act (“CIBC Act”), 12 U.S.C. 1817(j). In such cases, the notice requirements under the CIBC Act may be fulfilled by providing, as part of the application under section 238.14 of Regulation LL, information required under paragraph (6)(A) of the CIBC Act, 12 U.S.C. 1817(j)(6)(A), as well as any financial or other information required by the Reserve Bank under section 238.31 of Regulation LL. A person or group of persons that chooses not to provide this information as part of the application under section 238.14 of Regulation LL must separately comply with the prior notice requirements of the CIBC Act.

Preparation of the Application

An applicant should consult the Board’s Regulation LL (12 CFR Part 238), a copy of which is available

on the Board’s public website or from any Reserve Bank. Additional filing information is also available on the Board’s public website.¹ An applicant may submit a pre-filing before filing an application.²

Inquiries regarding the preparation and filing of applications should be directed to the Reserve Bank of the Federal Reserve district in which the company’s banking operations are principally conducted, as measured by total domestic deposits in its subsidiary savings association on the date it became, or will become, a savings and loan holding company (the “appropriate Reserve Bank”). Applicants are encouraged to contact Federal Reserve staff as soon as possible for assistance in identifying the specific type of information that should be provided in the application (particularly information related to convenience and needs or competitive considerations, including management official interlocks subject to Regulation LL (12 CFR Part 238, subpart J)) and to determine whether an examination of the entity to be acquired will be required in connection with the proposed transaction.

The application is to be filed by submitting the information requested in this form to the appropriate Reserve Bank. Applicants are strongly encouraged to submit their applications electronically through the Federal Reserve System’s web-based application E-Apps.³ Additional information on E-Apps may be found on the Board’s public website.⁴ Alternative formats to this form, if used, must provide all requested information. In order to be considered properly filed in accordance with the requirements of HOLA, the appli-

ation must be substantially complete and responsive to each item of information requested (including an indication that the answer is “not applicable” or “none” if such is the case).

The appropriate Reserve Bank will review the submitted application to determine if it is substantially complete. If the application is considered complete, an acknowledgement letter will be sent indicating the date that the application has been formally accepted for processing. If not considered complete, the application will be returned to the applicant. As necessary to complete the record, a request for additional information may be sent to the contact person named in the application. Under certain circumstances, name check and financial information related to individuals involved in a proposed transaction may be required. Such information for individuals should be submitted on the Interagency Biographical and Financial Report (FR 2081c; OMB No.7100-0134), and may be submitted in advance of the application. Contact the appropriate Reserve Bank for further information.

If any information initially furnished in the application changes significantly during processing of the application, these changes should be communicated promptly to the appropriate Reserve Bank.

Financial Holding Companies

If the applicant seeks to engage in activities permissible for a financial holding company (for example, by indirectly acquiring an entity engaged in such activities) it must submit the necessary written declaration to be treated as a financial holding company as part of the FR LL-10(e) filing. The declaration must conform to the requirements in Subpart G of Regulation LL. The applicant should contact the appropriate Reserve Bank and visit the Board’s public website for further information.⁵

If the applicant’s election to be treated as a financial holding company involves the acquisition of an entity that is not well capitalized or well managed, the applicant must contact the appropriate Reserve Bank regarding the development and execution of a corrective agreement acceptable to the Board. The agreement will outline the actions to be taken by the applicant to

5. See <https://www.federalreserve.gov/supervisionreg/afi/fhcfilings.htm>

address the financial and/or managerial deficiencies and any limitations on the activities of the applicant until those deficiencies are satisfactorily addressed.

Publication Requirement

The applicant should publish a notice in a newspaper of general circulation in the community(ies) in which the head offices of the applicant, its largest subsidiary savings association, and each savings association to be directly or indirectly acquired are located. The newspaper notice should provide opportunity for the public to submit written comments on the proposal for at least 30 calendar days after the date of publication, and must be published no more than 15 calendar days before and no later than 7 calendar days after the date that the application is filed with the appropriate Reserve Bank. The Board will publish notice of the proposal in the *Federal Register* upon receipt of the application. On written request by the applicant, the notice in the *Federal Register* may be published up to no more than 15 calendar days before the application is filed.

The applicant should contact the appropriate Reserve Bank or visit the Board’s public website for the recommended publication format. A copy of the newspaper notice publication must be provided to the appropriate Reserve Bank, as required by Section 262.3(b) of the Board’s Rules of Procedure (12 CFR 262.3(b)).

the record of performance of savings associations we own in helping to meet local credit needs.

You are invited to submit comments in writing on this application to the Federal Reserve Bank of *(address of appropriate Reserve Bank)*. The comment period will not end before *(date must be no less than 30 days from the date of publication of the application)* and may be somewhat longer. The Board's procedures for processing applications may be found at 12 CFR Part 262. Procedures for processing protested applications may be found at 12 CFR 262.25. To obtain a copy of the Federal Reserve Board's procedures, or if you need more information about how to submit your comments on the application, contact *(name of Reserve Bank contact and telephone number)*. Confidentiality

Under the provisions of the Freedom of Information Act (the "FOIA" – 5 U.S.C. 552), the application is a public document and available to the public upon request.

Once submitted, an application becomes a record of the Board and may be requested by any member of the public. Board records generally must be disclosed unless they are determined to fall, in whole or in part, within the scope of one or more of the FOIA exemptions from disclosure. See 5 U.S.C. 552(b)(1)-(9).

The exempt categories include (but are not limited to) "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (exemption 4), and information that, if disclosed, "would constitute a clearly unwarranted invasion of personal privacy" (exemption 6). The applicant may request confidential treatment for any information submitted in (or in connection with) its application that the applicant believes is exempt from disclosure under the FOIA. For example, if the applicant is of the opinion that disclosure of commercial or financial information would likely result in substantial harm to its competitive position or that of its subsidiaries, or that disclosure of information of a personal nature would result in a clearly unwarranted invasion of per-

sonal privacy, confidential treatment of such information may be requested.

The request for confidential treatment must be submitted in writing concurrently with the filing of the application (or subsequent related submissions), and must discuss in detail the justification for confidential treatment. Such justification must be provided for each portion of the application (or related submissions) for which confidential treatment is requested. Applicant's reasons for requesting confidentiality must specifically describe the harm that would result from public release of the information. A statement simply indicating that the information would result in competitive harm or that it is personal in nature is not sufficient. (A claim that disclosure would violate the law or policy of a foreign country is not, in and of itself, sufficient to exempt information from disclosure. The applicant must demonstrate that disclosure would fall within the scope of one or more of the FOIA exemptions from disclosure.) The applicant must follow the steps outlined immediately below, and certify in the application (or related submissions) that these steps have been followed.

Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); (2) separately bound; and (3) labeled "CONFIDENTIAL."

With respect to applications that include information regarding an individual or individuals associated with the proposed transaction, the Board expects the applicant to certify that it has obtained the consent of the individual(s) to public release of such information prior to its submission to the Board or, in the absence of such consent, to submit (or ensure that the individual(s) submit(s)) a timely request for confidential treatment of the information in accordance with these instructions. Information submitted directly by an individual or individuals will become part of the relevant application record, and, accordingly, will be a Board record subject to being requested by any member of the public under FOIA.

The Federal Reserve will determine whether information submitted as confidential will be so treated and will advise the applicant of any decision to make available to the public information labeled "CONFIDENTIAL." However, it shall be understood that, without prior notice to the applicant, the Board may disclose or

General Instructions

comment on any of the contents of the application in the Order or Statement issued by the Board in connection with its decision on the application. The Board's staff normally will apprise the applicant in the course of the review process that such information may need to be disclosed in connection with the Board's action on the application.

For further information on the procedures for requesting confidential treatment and the Board's procedures for addressing such requests, consult the Board's Rules Regarding Availability of Information, 12 CFR part 261, including 12 CFR 261.15, which governs requests for confidential treatment.

Supporting Information

The Federal Reserve specifically reserves the right to require the filing of additional statements and information. The questions in the application are not intended to limit an applicant's presentation. The applicant bears the full burden for presenting and documenting a case that meets the statutory criteria for approval. Supporting information for any or all factors, setting forth the basis for the applicant's judgment, may accompany the application.

Compliance

The applicant is expected to comply with all representations and commitments made in this application. The applicant should immediately contact the appropriate Reserve Bank if there is any change in those representations or in compliance with the commitments to determine whether additional action is needed.

Otherwise, the applicant should contact the appropriate Reserve Bank to determine whether a response to items 15 and 16 will be necessary. If a response is required, the applicant should contact the appropriate Reserve Bank to obtain a preliminary definition of the relevant banking markets involved in the proposed transaction. 17. Discuss the effects of the proposed transaction on competition within the market(s) affected by the acquisition. Provide sufficient information to support the permissibility of the transaction(s) if the proposed transaction(s) may substantially lessen competition or result in a monopoly in the market(s) concerned. You should provide a Herfindahl-Hirschman Index calculation, both pre- and post- merger, in all affected market areas. The applicant may be required to provide additional information if Federal Reserve staff determines that the proposal exceeds existing competitive guidelines. Also, if divestiture of all or any portion of any insured depository institution constitutes part of this proposal, discuss the divestiture in detail, including the timing of such divestiture.
18. If the proposal involves the acquisition of business activities pursuant to section 10(c) of HOLA, 12 U.S.C. 1467a(c), a separate filing should be submitted in connection with the LL-10(e) filing. At a minimum, the information related to the business activities should include the following:

 - e. A description of the effect of the proposal on competition in the relevant markets; and
 - f. A list of major competitors in each affected market.

In addition, the applicant should identify any other business activities to be acquired, with brief descriptions of the activities provided.

 - d. Discuss any enhancements in products or services expected to result from the transaction.
21. Describe how the applicant and resultant institution, including its depository subsidiary(ies),

General Instructions

would assist in meeting the existing and anticipated needs of its community(ies) under the applicable criteria of the Community Reinvestment Act (CRA), 12 U.S.C. 2901, and its implementing regulations, including the needs of low- and moderate-income geographies and individuals. This discussion should include, but not necessarily be limited to, a description of the following:

- a. The significant current and anticipated programs, products, and activities, including lending, investments, and services, as appropriate, of the depository subsidiary(ies) of the applicant and the resultant institution.
- b. The anticipated CRA assessment areas of the depository subsidiary(ies) of the resultant institution. If assessment areas of the depository subsidiary(ies) of the resultant institution would not include any portion of the current assessment area of that subsidiary, describe the excluded areas.
- c. The plans for administering the CRA program for the depository subsidiary(ies) of the resultant institution following the transaction.
- d. For a subsidiary of the applicant or target that has received a CRA composite rating of “needs to improve” or “substantial noncompliance” institution-wide or, where applicable, in a state or multi-state Metropolitan

Statistical Area (MSA), or has received an evaluation of less than satisfactory performance in an MSA or in the non-MSA portion of a state in which the applicant is expanding as a result of the transaction, describe the specific actions, if any, that have been taken to address the deficiencies in the institution’s CRA performance record since the rating.

22. List all offices of the depository subsidiary(ies) of the applicant or target that (a) will be established or retained as branches, including the main office, of the target’s depository subsidiary(ies), (b) are approved but unopened branch(es) of the target’s depository subsidiary(ies), including the date the current federal and state agencies granted approval(s), and (c) are existing branches that will be closed or consolidated as a result of the proposal (to the extent the information is available), and indicate the effect on the branch customers served. For each branch, list the popular name, street address, city, county, state, and zip code, specifying any that are in low- and moderate-income geographies.¹⁴

14. Please designate any branch consolidations as that term is used in the Joint Policy Statement on Branch Closings, 64 FR 34844 (June 29, 1999).
