Subject: Regulation AA

Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Unless we start to control the profits of the big credit card companies those in debt will never be able to get out from under it. Keep a fair interest rate and let the middle class and poor get a chance to pay down the principle. It's the right thing to do.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Julie Trost
